		86	women

Maximum per NOC

2.2 The maximum number of players per NOC shall be three entries in each of the five events, provided each entry is qualified (see Regulations 3.2.1 to 3.2.14).

3. QUALIFICATION SYSTEM

3.1 QUALIFICATION SYSTEM PRINCIPLES

The IBF ranking list of 1 May 2004 will be used to determine qualification for the following number of places in each event:

Men's singles	29	places	
Women's singles	29	places	
Men's doubles	38	places	(19 pairs)
Women's doubles	38	places	(19 pairs)
Mixed doubles	38	places	(19 pairs)
TOTAL	172	places	

3.2 QUALIFICATION SYSTEM IN DETAIL

IBF ranking list, 1 May 2004

3.2.1 The IBF ranking list of 1 May 2004 will be used to allocate qualifying places until a total of 29 places in each singles event and 19 places (pairs) in each doubles event are allocated, including the requirements of Regulations 3.2.5 to 3.2.14.

Players/pairs ranked 1 to 16

3.2.2 Players/pairs ranked 1 to 16 in the IBF ranking list for each event will be taken in turn and will qualify unless a total of three players/pairs from any one NOC would thereby be exceeded in that event.

Attribution of qualification

An NOC may have more than three players/pairs ranked 1 to 16 in the IBF ranking list for a particular event. In such a case the NOC has the right to disregard ranking order of those players/pairs when determining its entries, and select from any of the players/pairs ranked 1 to 16 in filling its three qualification places for the respective event. In the event of the withdrawal of a player/pair entered by that NOC, the NOC will be invited to replace the player/pair by another player/pair ranked 1 to 16.

Players/pairs ranked 17 to 64

3.2.3 Players/pairs ranked 17 to 64 in the IBF ranking list for each event will be taken in turn and will qualify unless a total of two players/pairs from any one NOC would thereby be exceeded in that event.

Attribution of qualification

An NOC may have more than two players/pairs ranked 1 to 64 in the IBF ranking list for a particular event. In such a case the NOC has the right to disregard ranking order when determining its entries and select from any of the players/pairs ranked 1 to 64 in filling its two qualification places for the respective event, provided each player/pair eventually selected would have qualified under Regulations 3.2.1 to 3.2.3.

Players/pairs ranked 65 and lower

- 3.2.4 Players/pairs ranked 65 and lower in the IBF ranking list for each event will be taken in turn and will qualify unless a total of one player/pair from any one NOC would thereby be exceeded in that event.

Host NOC

- 3.2.5 The host NOC (Greece) shall be entitled to have exactly two players in total in the Olympic competition, but more than two players are permitted if all the players have qualified under Regulations 3.2.1 to 3.2.4.
- 3.2.6 If Regulation 3.2.5 is not satisfied under Regulations 3.2.1 to 3.2.4, then the entitlement of two players shall be completed by the qualification of an additional player or players from the IBF ranking list(s) nominated by the Hellenic Badminton Federation.
- 3.2.7 The player(s) qualifying for the host NOC will be the highest-ranked player(s)/pair in the nominated IBF ranking list(s) of 1 May 2004, or if there is no Greek NOC player/pair in the nominated IBF ranking list, the winning player/pair in that event in the Greek National Championships most recently concluded prior to 1 May 2004.

Continental representation

- 3.2.8 In each event there shall be at least one player/pair from each of the five IBF Continental Confederations.
- 3.2.9 If, for a particular Continental Confederation, there is no player/pair qualified in an event under Regulations 3.2.2 to 3.2.4, the player/pair selected for the continental representation shall be the appropriate highest-ranked player/pair in the IBF ranking list of 1 May 2004.
- 3.2.10 If there is no Continental Confederation player/pair in the IBF ranking list of 1 May 2004 in a particular event, then the player/pair selected for continental representation shall be the winner(s) of the respective Continental Championships most recently concluded prior to 1 May 2004.

Tripartite Commission (IOC – Association of NOCs (ANOC) – IBF) invitation places

- 3.2.11 One place in men's singles and one place in women's singles shall be used by the IOC Tripartite Commission to allocate invitation places, in accordance with the general process of Tripartite Commission invitations.
- 3.2.12 NOCs must apply for these invitation places prior to the deadline of 30 June 2002. The Tripartite Commission will by 31 August 2002 establish which invitation requests meet the identified general criteria of NOC delegation size and technical standard, and provisionally allocate places to one male and one female player. The final allocation of invitation places will be done on 1 May 2004.
- 3.2.13 To be eligible to compete in the Athens 2004 Olympic Games, the players filling invitation places must be ranked in the top 100 in the IBF ranking list of 1 May 2004. Should these places not be allocated due to the technical level of the players, they will be added to the places allocated through the IBF ranking list of 1 May 2004.
- 3.2.14 A player filling an invitation place will be regarded as satisfying the minimum continental representation in that event.

Qualification period and events

3.2.15 The IBF ranking list of 1 May 2004 will be based on results during the period 1 May 2003 to 30 April 2004.

Participation in any of the following will count towards the IBF ranking list during this period:

- 5.2 Member Associations / NOCs have until 31 May 2004 to confirm that they will use the qualification places through the selection of qualified players/pairs.

6. REALLOCATION OF UNUSED QUALIFICATION PLACES**Procedure if a qualified player/pair is not entered**

- 6.1 A further player or pair will be taken from the IBF ranking list if a Member Association or relevant NOC notifies the IBF either that the NOC is not selecting a qualified player/pair or that a player/pair is unable to compete through injury or other unavoidable occurrence. This reallocation of the qualification place shall respect the maximum numbers of places per NOC and the attribution of qualification noted in Regulations 3.2.2 and 3.2.3.
- 6.2 If an NOC has not confirmed by 11 June 2004 that it will be entering a given player/pair listed in accordance with Regulation 5.1, then the place will be reallocated to another player/pair under Regulation 6.1 in a supplementary list to be published on 15 June 2004. Similarly, if an NOC has not

confirmed by 29 June 2004 that it will be entering a given player/pair from the 15 June 2004 supplementary list, then the place will be reallocated to another player/pair under Regulation 6.1.

- 6.3 The procedure to be used in Regulation 6.2 will apply up to 21 July 2004.
- 6.4 If a player/pair cannot compete for a reason stated in Regulation 6.1, the substitute player/pair will be the next ranked player/pair as in Regulations 3.2.2, 3.2.3, and 3.2.4.
- 6.5 In implementing Regulation 6.4, the player or pair who has withdrawn will not count in any total of players/pairs from the relevant NOC (see attribution of qualification noted in Regulations 3.2.2 and 3.2.3).

- 6.6 IBF has discretion in allocating the events to be used for any extra places which arise because a player has qualified (and been selected by the player's NOC) in more than one event.

- 7.3 IBF Council has authority (Rule 20) to amend these Regulations, in agreement with the IOC.
-

OLYMPIC GAMES STATEMENT OF BADMINTON'S REQUIREMENTS

The purpose of this Statement is to act as:

- an aid to bidding cities
- a reference against which the plans of cities hosting the Olympic Games will be measured

The Statement is not exhaustive, in the sense that it does not necessarily include responsibilities and obligations placed on the Organising Committee for the Games by the International Olympic Committee.

The IBF reserves the right to amend the Statement from time to time.

1. EVENTS IN THE COMPETITION

The competition in badminton must comprise all the following:

Men's Singles
Women's Singles
Men's Doubles
Women's Doubles
Mixed Doubles

2. PERIOD OF COMPETITION

This will vary according to the number of competitors, but must always be at least eight days. In 2004 (with 172 players) the competition will be played over eight days. The schedule assumes three sessions of play each day until the later stages of the competition.

3. NUMBER OF COMPETITORS

The number of competitors for 2004 is 172. The IOC decides the number of competitors.

4. TECHNICAL OFFICIALS

Officials fall into the following categories and numbers:

Referee	1
Deputy Referees	3
Umpires	24
Medical Officers	2
Match Co-ordinator	1
Umpire Co-ordinator	1
Line Judge Co-ordinator	1 *
Line Judges	80 *

** These officials are usually provided by the Member Association in the country in which the Games are held, but IBF policy is that at least 10% of positions are made available to experienced Line Judges from outside that country, provided these Line Judges bear their own travel costs. Appointment of the Line Judge Co-ordinator and Line Judges does, nonetheless, require IBF approval. The IBF must be involved in the training of Line Judges.*

5. IBF OFFICIALS

5.1 In addition to the President and Chief Operating Officer, members of the IBF Secretariat play a variety of roles at all major events, including the Olympic Games. Those expected to be in attendance are:

Head of Administration
Director of Marketing & Development
Director of Events
Communications Officer
Senior Marketing Officer

5.2 In addition to the Communications Officer, the IBF party will include:

IBF official photographer

7. IBF COUNCIL

The IBF Council, comprising the President, Vice Presidents (seven) and Members (17) normally attend the Games. The hotel housing the IBF delegation will require meeting facilities – although not necessarily on the scale required for a Congress.

8. COMPETITION VENUE

- 8.1 **Field of Play.** The floor of the field of play must measure not less than 46 metres by 30 metres. The uninterrupted height above the floor must be not less than 12 metres. [Note: the field of play is bounded by the first row of seating for spectators or others not involved in management of the competition].
- 8.2 **Flooring.** The surface on which carpeting and court mats are placed must be a wooden, sprung floor.
- 8.3 **Court Equipment.** Court mats, posts and nets for three competition courts and three warm-up courts must be procured only from sources authorised by the IBF.
- 8.4 **Shuttlecocks.** Shuttlecocks must be procured only from sources authorised by the IBF. A secure room must be provided for the storage of 700 dozen shuttlecocks, of at least three speeds (these will vary according to conditions in the Competition Hall).
- 8.5 **Lighting.** The positioning and lux requirements of lighting over the field of play may vary according to the nature and structure of the competition hall. Lighting must be situated at least one metre outside, and at least 12 metres above, the court boundaries. There should be no direct glare from lighting into the eyes of players on court. A lighting level of at least 1200 lux is required on the court, when measured holding the light meter in the vertical plane at right angles to intended TV camera shots. Court lighting must be capable of immediate response to the on/off switch. There must be no external sources of light through windows etc. Lighting over spectator areas must be capable of being dimmed during play.
- 8.6 **Background.** The walls, 'A' boards and other interior surrounds (including seating) to the field of play must be of a dark colour. Light colours – white or yellow, for example – must not be used. [Note: according to lighting placements and the height of the ceiling above the lighting, it may also be inappropriate for the ceiling to be of a light colour]. Backgrounds of any "look" 'A' boards must be of at most two colours and must meet with IBF approval.
- 8.7 **Air movement.** The field of play must be free of draughts or other air movement. Where air-conditioning is normally used, special attention must be paid to its effects. Double-door (air-lock) entry/exit points must be provided.
- 8.8 **Seating.** A minimum of 5,000 seats is required. This number includes Olympic Family requirements. At venues in parts of Asia and Europe a greater seating capacity than 5,000 will almost certainly be required.
- 8.9 **Warm-up area.** This must be close to the competition hall and accessible under cover. Space for three courts is required. An uninterrupted height above the courts of at least 10 metres must be provided. The requirements of 8.2, 8.3, 8.6 and 8.7 above will apply.
- 8.10 **Coach videoing.** Physical provision must be made for team coaches to video matches involving their players, as is generally allowed at all IBF events. These videos are for private use and analysis only, and users can, if desired, be required to sign appropriate commitments as to use of the tapes.

9. TELEVISION and INTERNET COVERAGE

10. PRACTICE HALL

A hall (or halls) with eight or more courts is required for training before and during the period of competition. Distance from the Athletes' Village is more important than that from the Competition Hall. Although it may not be possible to replicate the exact conditions of the Competition Hall, the uninterrupted height above the courts must be at least 10 metres. 3.7.1 All International Open Championships and other international events (as defined in Regulations 2.6, 2.8, 2.10, 2.11 or 2.13) offering prize money above the limits set out in Regulation 2.6, shall pay a sanction fee to the IBF at the rate of 10 per cent of the total prize fund. Such fee shall be a charge on the tournament and not on the prize fund and shall be paid such that an amount equal to 10 per cent of the total prize fund is received by the IBF within three weeks of the end of the tournament.

3.7.2 Council may approach Member Associations and make any additional financial arrangements as it may from time to time decide.

3.8 Confirmation of prize money, withdrawal of sanction, and penalty fees

3.8.1 For all International Open Championships and other international events (as defined in Regulation 2.6, 2.8, 2.10, 2.11 or 2.13), offering prize money as in Regulation 2.6, IBF shall, at least nine months before the date of the event, seek confirmation of the total prize money.

3.8.2 If no confirmation of the prize money is received from the organiser by eight months before the event, IBF shall decide the total prize money that will be used to determine any fee due for cancellation, postponement, or reduction in prize money, and shall forthwith advise the organiser of this decision.

3.8.3 Where IBF has had to decide the total prize money as in Regulation 3.8.2, the organiser shall, no later than 90 days before the date of the event, confirm to the IBF that the event is to take place, failing which IBF shall withdraw sanction. The Chief Operating Officer has discretion to defer withdrawal of sanction, but to a date not later than 60 days before the event.

3.9 Fees for postponement, cancellation or changed prize money

3.9.1 If, fewer than 60 days before the date of the event, a World Grand Prix tournament is cancelled, postponed or the prize money as in Regulation 3.8 is reduced, the organiser shall pay IBF a fee on the following basis:

- 50% of the total prize money if the tournament drops two or more star-ratings, or becomes an international event

- 25% of the total prize money if the tournament drops one star-rating.

3.9.2 If, fewer than 60 days before the date of the event, an International Open Championship other than a World Grand Prix tournament is cancelled, postponed or the prize money as in Regulation 3.8 is reduced, the organiser shall pay IBF a fee of 40% of the total prize money.

3.9.3 Where, however, Council is satisfied that the tournament cancellation or postponement was outside the control of the organisers due to *force majeure* (eg civil disturbance, natural disaster), these fees may be waived.

3.10 The IBF can have no jurisdiction in connection with any playing event promoted directly or indirectly by unaffiliated organisations.

3.11 Unsanctioned events

3.11.1 Member Associations shall allow players under their jurisdiction to compete only in events sanctioned by the IBF or one of its members.

3.11.2 Council has power to vary the requirement of Regulation 3.11.1, provided an application giving reasons is made at least two months in advance.

3.11.3 Notwithstanding Regulation 3.11.1, players under the jurisdiction of a Member Association may promote the game by giving a demonstration under the auspices of an organisation not under the jurisdiction of another Member Association. This demonstration may be amongst themselves or with local players, provided the title and form of competition, and the prizes and/or expenses have been approved by the IBF.

4. RIGHTS

- 4.1 For any tournament or event sanctioned under Competition Regulation 3, the term “IBF-sanctioned tournament rights” shall mean all commercial, television, internet, webcasting, audio, film and other rights of like nature at all venues, and other rights associated primarily with the event.
- 4.2 It is a condition of sanction that ownership of IBF-sanctioned tournament rights shall be determined in accordance with IBF statutes.
- 4.3 IBF-sanctioned tournament rights shall automatically belong to IBF, unless licences or concessions in respect of such rights are granted by IBF to the promoting Member Association, either by virtue of IBF statutes or in writing.
- 4.4 IBF always retains the right to publish results and reports from IBF-sanctioned tournaments and events, on the Internet and elsewhere, and to do so at times determined solely by IBF.
- 4.5 **Players’ images**
- 4.5.1 When a player is entered in an IBF-sanctioned event, the creation of television or audio signals, and the taking of photographs is permitted at all associated venues (including training/practice) without further need to seek the consent of the player or Member Association concerned. Any such television or audio signals can be distributed by the rights owner in any and all territories, and may be used on live or recorded television, Internet, webcasting, radio, film and other media of similar nature. IBF, the promoting Member Association, and any photographer concerned shall have the right to use photographs or any other image of player(s) taken during the event.
- 4.5.2 If for legal reasons use of a player’s image requires the consent of the player concerned, the Member Association must ensure that such consent is obtained before entering the player. The user of photographs or other such images of player(s) assumes sole legal liability for such use.
- 4.6 IBF currently grants ownership of IBF-sanctioned tournament rights at all tournaments defined in Regulations 2.6, 2.7 and 2.10 to 2.16 to the promoting Member Association. In formulating contracts, Member Associations are advised that this concession of rights is subject to change with reasonable notice.
- 4.7 Ownership of IBF-sanctioned tournament rights at tournaments defined in Regulations 2.2 to 2.5, and World Junior Championships and World Junior Team Championships shall be determined by the IBF statutes associated with each tournament.
- 4.8 Ownership of IBF-sanctioned tournament rights at other Championships of an international character as defined in Regulation 2.8 (such as Continental Championships) shall belong to the promoting organisation.
- 4.9 Ownership of IBF-sanctioned tournament rights at tournaments defined in Regulation 2.9 shall belong to the promoting organisation.

5. ENTRIES AND CONTROL OF ENTRIES

- 5.1 Without special consent of Council, no Member Association shall, for any tournament directly or indirectly promoted by it, accept entries from or on behalf of any players who:
- 5.1.1 are not under the jurisdiction of a Member Association of the Federation; or
- 5.1.2 have been declared not in good standing with that Member Association.
- 5.2 Any member of IBF wishing to organise any tournament or other competitive event, which is intended to include players other than those qualified as in Regulation 5.1, shall apply for the special permission of Council.
- 5.3 Players must be permitted to enter all events for which they are qualified and no restriction in this respect shall be permitted. In the event of a Member Association making entries on behalf of its players, it shall list such entries in order of playing strength.

- 5.4 For all events requiring IBF sanction, an entry of a player/pair can be accepted only when it is either made directly by the Member Association of which the player/pair is a member or accompanied by written authorisation from the Member Association of which the player/pair is a member. It is the responsibility of the organiser to acknowledge receipt of entries of player/pairs and any subsequent amendment prior to the closing date. It is the responsibility of the Member Association to ensure that confirmation of acceptance is received. (*Regulations 14 and 15 deal with alterations to the draw*).
- 5.5 No player/pair shall enter or be entered in two IBF-sanctioned competitions if the published dates of the competitions overlap.
- 5.6 In making or authorising entries, the Member Association concerned is reconfirming its acceptance, and acceptance by the players being entered, of the Federation's Rules, Competition Regulations and Disciplinary processes.
- 5.7 For any competitive event sanctioned by the IBF, a player shall not have his/her entry refused for reasons of race, religion or politics. Refusal of entries for any reason other than that there are too many entries to be accommodated (Regulations 13.1 and 13.7) requires the specific written permission of the IBF.
- 5.8 The IBF may impose conditions on entries made by a Member Association whose players repeatedly enter a tournament and do not play.

6. TOURNAMENT AGE LIMITS

- 6.1 It is recommended that for junior tournaments, all players should remain under 19 years of age throughout the calendar year in which the event is held.
- 6.2 It is recommended that senior age groups should commence at 35 years of age. Further groups should be considered at five-year intervals. Groups would therefore be 35 and over, 40 and over, 45 and over, etc. In any seniors' competitions, players are eligible provided they are 35, 40, 45, etc years of age or more throughout the calendar year in which the competition is held.

7. MEMBER ASSOCIATIONS' RESPONSIBILITIES FOR TOURNAMENTS AND PLAYERS

- 7.1 Each Member Association shall be responsible for the conduct of all tournaments held under its jurisdiction and in particular for ensuring compliance by the organisers with all the relevant Competition Regulations in IBF-sanctioned events.
- 7.2 Each Member Association shall be responsible for the control and management of all players under its jurisdiction.
- 7.2.1 To be eligible to enter and compete in tournaments, all players must be in good standing with their Member Association. A Member Association may declare a player under its jurisdiction to be ineligible to compete, but the reasons for such declaration and the period of ineligibility must be reported to the IBF.
- 7.2.2 Member Associations shall have full responsibility for any support (financial or otherwise) received by players under their jurisdiction for the purposes of preparation and competition.
- 7.2.3 Member Associations shall accept and deal with all prizes paid in cash under Regulations 27.1 and 27.2.
- 7.2.4 Member Associations shall also supervise or administer any sponsorship, contractual or other arrangements entered into, or involving, players under their jurisdiction.
- 7.2.5 Member Associations shall ensure that players adhere to the Players' Code of Conduct [Appendix 4].

8. INTERNATIONAL REPRESENTATION*

- 8.1 Representing a Member Association is defined as accepting a nomination to be a member of that Association's team in any badminton event where the competition is between teams. However, playing

* See Appendix 1, page 124, for explanatory chart

as an individual in a tournament does not count as representation, unless the event has been specifically nominated by the IBF (Regulation 8.1.2).

- 8.1.1 Competition between teams includes, but is not limited to, the Thomas, Uber and Sudirman Cups, Continental team championships, the Asian Games team championships, the Commonwealth Games team championships, and other international matches or competitions involving two or more Member Associations' teams.
- 8.1.2 Currently, the IBF has also specified that the World Championships (see World Championships Regulation 8.2), the World Senior Championships and the individual events at the Olympic Games, the Asian Games, the Commonwealth Games, and Continental Championships shall count as international representation. Where players in a doubles pair are from different Member Associations it shall count as international representation for each player.
- 8.2 A player shall be qualified to represent a Member Association providing the player is in good standing with that Member Association and satisfies Regulations 8.2.1 and either 8.2.2 or 8.2.3:
 - 8.2.1 holds a passport of a country whose territory the Member Association has jurisdiction over;
 - 8.2.2 has not represented any other Member Association for three years immediately preceding the date of the fixture;
 - 8.2.3 last represented that Member Association;
- 8.3 A player shall be deemed to have represented a Member Association if he or she shall have been officially nominated to represent that Member Association and shall have accepted such nomination.
- 8.4 If a player has represented a Member Association and such Member Association is subsequently divided into two or more Member Associations or is absorbed by another Member Association, either politically or by recognition of the IBF, such player shall, for the purposes of these Regulations, be deemed from the date of such alteration not to have represented any Member Association.
- 8.5 Notwithstanding the foregoing Regulations, in the case of any officially-recognised competitive multi-sport event in which badminton is included, the qualifications for the representation of a Member Association shall be in full accordance with the conditions laid down by such a multi-sport international event, provided however that the above Regulations 8.2 to 8.4 are also not contravened.

9. JURISDICTION

- 9.1 A player comes under the jurisdiction of all Member Associations to which the player is directly or indirectly affiliated.
- 9.2 **Duration**
 - 9.2.1 A player comes under continued jurisdiction of a Member Association for a period of three months after ceasing to reside in the country of that Member Association, unless the player explicitly renounces this jurisdiction.
 - 9.2.2 After the three-month period, jurisdiction shall lapse unless the player implicitly (eg by participation in the Member Association's activities) continues to accept that jurisdiction, or explicitly declares a wish to accept that jurisdiction.
 - 9.2.3 A player who represents a Member Association (see Regulation 8.3) automatically comes under the jurisdiction of that Member Association for three months thereafter (as in Regulation 9.2.1).
- 9.3 Where a sanction is imposed that affects a player's participation beyond the jurisdiction of the Member Association concerned, then such sanction shall be notified immediately to the IBF, who shall notify all Member Associations of such sanction.
- 9.4 Where sanctions affect a player who comes under the jurisdiction of more than one Member Association, IBF shall have power to receive representations and to amend such sanctions, if felt necessary.

10. INVITATIONS

- 10.1 For the purpose of this Regulation on invitations, a player's Member Association shall be that under whose jurisdiction he or she shall have been an active playing member for the three months immediately preceding the date of the invitation. This will normally be in the country in which he or she is resident. This definition is quite irrespective of the player's qualifications for representing a Member Association (Regulation 8).
- 10.2 Any tournament or exhibition event in which it is desired to invite the participation of players from another Member Association shall be subject to the following regulations.
- 10.2.1 Any invitation to players of another Member Association shall be sent by the promoting Member Association (or by another subsidiary body with the approval of the Member Association concerned) in the first instance to the Member Association of the player to be invited. A copy of such invitation shall also be sent to any different Member Association for which the player has a qualification for international play.
- 10.2.2 No player shall participate in a tournament or exhibition event which is promoted or organised by an individual or company (or other organisation) unless a sanction for the event has been obtained from the Member Association concerned or from the Federation.

11. PAYMENTS TO PLAYERS

- 11.1 Under no circumstances may a player be offered or paid money or goods to play in other than an exhibition event (as defined in Regulation 2.13). Reasonable travel and subsistence expenses that are actually incurred are however allowable.
- 11.2 No promoter shall offer, and no player accept, a fee and/or goods totalling more than US \$3,000 in value for playing an exhibition event.

12. THE DRAW

- 12.1 The draw for all knock-out events shall be made in the manner set out below and no dummy entry is permitted.
- 12.2 In all International Open events and multi-sport events requiring sanction by the IBF, the seeding of the draw shall be done by the IBF. To accomplish this, all entries shall be forwarded by the organising committee to the IBF Secretariat.
- 12.3 The draw shall be done not more than 10 days and not less than 24 hours before the first scheduled match. It is recommended that the draw be done as near as practicable to the end of the period specified. The draw must be published as soon as possible after it is done, but in all cases not less than 24 hours before the first scheduled match. The qualifying rounds, if any, count as part of the tournament for these purposes.
- 12.4 The draw shall be conducted as follows.
- 12.4.1 When the number of playing units is 4, 8, 16, 32, 64, 128 or any higher power of 2, they shall meet in pairs in the order drawn, as in Diagram 1 for eight playing units.
- 12.4.2 When the number of playing units is not a power of 2, there shall be byes in the first round. The number of byes shall be equal to the difference between the next higher power of 2 and the number of playing units, (eg with 17 playing units, there are $32-17 = 15$ byes).
- 12.4.3 The byes shall be placed as in Tables 1 to 5 and Diagram 2.

DIAGRAM 1

- 12.5 The seeding of the draw at all IBF-sanctioned events shall be done using the most recently-published World Ranking. In each event, the entry which is ranked highest shall be seeded number 1, and the next highest number 2, and so on until all seeds required by Regulation 12.7 are decided.
- 12.6 Before implementing Regulation 12.5 in doubles events in which the IBF does the seeding, the World Ranking of each pair who did not compete together for the 12 months preceding the ranking period shall be modified for seeding purposes when Regulation 12.6.1 or 12.6.2 applies.
 - 12.6.1 If a pair has no World Ranking, a notional ranking is calculated for the pair. An average (the "notional" average) is taken of the best average points scored by each of the two players with other partners. This notional average is converted into the total notional points for the pair by multiplying by 10 and taking 80%. The notional points are used to determine a notional ranking.
 - 12.6.2 If the two players have a World Ranking as a pair but have competed in fewer than eight events in the 12 month period, a notional ranking is produced by taking the pair's World Ranking points and adjusting as follows:

Number of tournaments played in	Adjust by multiplying by:
2	$\frac{10}{5}$
3	$\frac{10}{5}$
4	$\frac{10}{5}$
5	$\frac{10}{5}$
6	$\frac{10}{6}$
7	$\frac{10}{7}$

- 12.6.3 The resulting notional ranking is used to determine the seeding position.
- 12.6.4 A pair may have a seeding from one to four on the basis of any World Ranking, but a seeding no higher than five based on any notional ranking.
- 12.7 To seek even strength throughout the draw and to avoid players from one Member Association meeting in the early rounds, the draw may be seeded or arranged subject to the following restrictions:
 - 12.7.1 A maximum of 16 seeds if there are 64 or more entries;
 - a maximum of eight seeds if there are 32 to 63 entries;
 - a maximum of four seeds if there are 16 to 31 entries; or
 - two seeds if there are less than 16 entries.

12.7.2 The seeded entries shall be selected as the best in the event at that time.

12.7.3 Seeded entries shall be placed as detailed in the example draw in Diagram 2. Seeded entries in the top half of the draw are placed at the top half of their sections (eg eighths or sixteenths), and in the bottom half of the draw at the bottom of their sections.

12.8 The top two seeded entries shall be dealt with as follows:

12.8.1 number 1 placed at the top of the draw; and

12.8.2 number 2 placed at the bottom of the draw.

12.9 The other seeds shall be dealt with taking regard of the requirements of Regulation 12.10.

12.9.1 Numbers 3 and 4 drawn by lot to the remaining two quarters of the draw.

12.9.2 Numbers 5 to 8 drawn by lot to the remaining eighths of the draw.

12.9.3 Numbers 9 to 16 drawn by lot to the remaining sixteenths of the draw.

12.10 Separation of Entries

12.10.1 the first and second ranked entries from any one Member Association shall be drawn by lot in opposite halves of the draw;

12.10.2 the ranking of entries from a Member Association can be amended by the seeding. If this is done a new ranking order is implicitly established and should be used for the purposes of Regulation 12.10.

12.10.3 wherever possible, entries from any one Member Association shall not meet in the first round.

Note: this method of player separation, where it is desired, is recommended for all tournaments conducted at any level of competition.

12.11 For the purposes of Regulation 12.10, a qualifying entry or a pair from two different Member Associations shall be regarded as not coming from any particular Member Association.

13. QUALIFYING

Principle of qualifying

13.1 Where entries exceed the required places in the main competition draw, the organisers are recommended to play qualifying rounds under the supervision of the Referee, as provided for in Regulations 13.2 to 13.8.

Determination of main or qualifying draw for entries received

13.2 The World Ranking shall be used to determine the players/pairs whose entries can be accepted in the main draw, with the principles of Regulations 12.6.1 and 12.6.2 used to modify the World Ranking regardless of whether or not a pair has competed during the 12 months prior to the ranking period.

Qualifying draw

13.3 The players or pairs not directly in the main competition shall play for a limited number of places fixed by the organisers and it is recommended that this number not exceed one for each eight places in the main draw.

13.4 The draw for the qualifying competition shall be done in accordance with Regulations 12.1 and 12.4.

13.5 Any seeding in the qualifying draw shall be done in accordance with Regulations 12.5 to 12.9.

13.6 It is recommended that as far as is practicable, entry separation (as in Regulation 12.10) should be used in each qualifying draw.

Excess entries in the qualifying

13.7 If more players/pairs enter than the organisers can accept even in the qualifying competition, the World Ranking (as modified using the principles explained in Regulations 12.5 and 12.6) shall be used to determine the players/pairs whose entries can be accepted into the qualifying draw, and which entries are to fill any subsequent vacancies that may arise. When more than one vacancy arises, the relevant places shall be filled by drawing lots.

13.8 Where drawing by lot is done under Regulation 13.7, entry separation (as in Regulation 12.10) shall be ignored.

14. QUALIFYING - ALTERATIONS TO THE DRAW AND STOPPING MATCHES IN PROGRESS

14.1 The Referee may re-draw a particular qualifying draw if it has been rendered significantly imbalanced and if play in that draw has not begun.

Promotion of qualifiers to main draw

- 14.2 Where players or pairs withdraw their entry from the main competition and are not substituted in accordance with Regulation 15.4 or 15.5, the Referee may fill the vacancies from the entries in the qualifying rounds, provided these entries have not yet lost a match, even stopping a match in progress if required.
- 14.3 If a vacancy arises in the main draw, the highest-ranked entry not accepted (as described in Regulation 13.2) and which has not yet lost a match can be placed in the vacancy. Where more than one vacancy arises, the relevant places shall be filled by drawing lots.

15. MAIN DRAW - ALTERATIONS and SUBSTITUTIONS

- 15.1 The places allocated for any qualifying players/pairs in the main draw shall be drawn by lot, shall not be placed, and shall not be artificially separated. The main draw shall be made and published before play begins in the qualifying rounds.
- 15.2 No changes whatsoever may be made to the draw except as provided in Regulations 15.3 to 15.5: in particular, no player (singles) may be moved from one draw position to another, and no pair may be moved from one draw position to another except in the situation described in Regulation 15.5.3.
- 15.3 The Referee shall only permit an alteration to the draw if either Regulation 15.3.1 is met, or both Regulations 15.3.2 and 15.3.3 are met:
- 15.3.1 play in that draw has not begun, and an error has been made in accordance with control of entries (Regulation 5.4) or making the draw (Regulation 12);
 - 15.3.2 prior to the player's first scheduled match, a player is prevented from competing through illness, injury, or other unavoidable hindrance;
 - 15.3.3 the substitute player/pair would have been either unseeded, or seeded in no higher a seeding group than the seeding group of the original player/pair. The seeding groups are (in order) 1 and 2, 3 and 4, 5 to 8, and 9 to 16.
- 15.4 Subject to Regulation 15.3, substitution in singles is only permitted when the new player is from the same Member Association, and provided the original player does not then participate in any event in the tournament.
- 15.5 Subject to Regulation 15.3, substitution in doubles is only permitted:
- 15.5.1 to enable the remaining player to have a substitute partner from any Member Association, provided the constitution of no other pair is affected;
 - 15.5.2 to replace a pair from one Member Association by a new pair from the same Member Association; or
 - 15.5.3 to enable the remaining players from two original pairs affected by Regulation 15.3.2 to partner each other.
- In this event, if one of the original pairs has drawn a bye, that place in the draw shall be filled by the new pair; otherwise the place to be filled shall be drawn by lot.
- 15.6 Substitutions under Regulations 15.3 to 15.5 take priority over changes under Regulations 13.7 and 13.8.
- 15.7 A player (singles), a player as part of a pair (doubles), or a pair losing a match shall not play again in the same event in the same tournament.
- 15.8 In events played under the pool system or in groups, the Referee may allow the substitution of a player/pair if the original player/pair is prevented from playing through illness, injury or other unavoidable hindrance. Such substitution can only take place until the first match of that player/pair has started but, once started, no substitution can take place.

16. RANKING IN EVENTS PLAYED UNDER THE POOL SYSTEM OR IN GROUPS

- 16.1 Ranking will be established by the number of matches won.
- 16.2 If two players/pairs have won the same number of matches, the winner of the match between them will be ranked higher.
- 16.3 If three or more players/pairs have won the same number of matches, ranking will be established by the difference between total games won and total games lost, with greater difference ranked higher.
- 16.3.1 If this still leaves two players/pairs equal, the winner of the match between them will be ranked higher.
- 16.4 If three or more players/pairs have won the same number of matches and are equal in the difference between total games won and total games lost, ranking will be established by the difference between total points won and total points lost, with greater difference ranked higher.
- 16.4.1 If this still leaves two players/pairs equal, the winner of the match between them will be ranked higher.
- 16.4.2 If three or more players/pairs are still equal, then ranking will be established by drawing lots.
- 16.5 If illness, injury or other unavoidable hindrance prevents a player/pair completing all the pool matches, all the results of that player/pair shall be deleted.
- 16.6 A player/pair is entitled to prizes according to results actually obtained before any withdrawal due to injury.
