ASTR695 LECTURE SCHEDULE

FALL 2014

After my introductory talk to you about progress through grad school and beyond, the initial part of this course is a brief introduction to computing. Starting October 6, two half-hour talks will be presented in PSC 1148, the first from 5:00-5:30pm and the second from 5:45-6:15pm.

For general computing information, you should check out our [astro wiki](#).

Our former student John Vernaleo also has some helpful software notes [here](#).

Lecture Date	Lecture Topic	Reading
Tue. Sep. 2	Intro to ASTR695 w/ Cole Miller Special time: 4:30-5:30	
Mon. Sep. 8	General intro to departmental computing, with Alex Fitts
