## Observatory Open House Schedule

### Fall 2013

Our *Open House* program will continue this fall just as it has for the last 40+ years. Come see local astronomers give a short 30-minute presentation about their research or other new developments in astronomy! The talk is then followed by observing through the telescopes, weather permitting.

Observatory Open Houses are free. Families/individuals do not need reservations. However we ask that if you have a group larger than 10 people, **please** call 301-405-6555 to make special arrangements at least two weeks in advance. *Group tours are by appointment!*
