

MARYLAND DAY 2006

April 29, 2006

10-4 free!
rain or shine

explore our world!

Come out and join us for the Eighth Annual Maryland Day

on Saturday, April 29, 2006. This year, there's more to celebrate than ever. We're marking the university's 150th Anniversary, and we invite students, alumni, staff and residents from throughout the Baltimore-Washington region to share in the fun. From 10 AM until 4 PM, you can participate in a variety of hands-on activities or catch exhibits exploring the university's past, our present endeavors and our promising future.

Please review this program to find out about the events that will most interest you and your family. We look forward to seeing all of you on Maryland Day!

150 YEARS
1856-2006
UNIVERSITY OF
MARYLAND

For updates and more information, check our Web site at www.marylandday.umd.edu or call toll free 1.877.UMTERPS.

Maryland Day has something for everyone

to experience and explore: From workshops, hands-on research demonstrations and the Annual Red & White Spring Football Game to live music and dance performances, tours, lectures, petting zoos and autograph sessions. There's a good chance you'll learn something new and have a great time. Inside, you'll find activities spanning a range of interests that are ideal for visitors of all ages.

Bring your family and stay for the day. Come to the Kids Carnival at the Stamp Student Union, stay for lunch, listen to great music and be sure to sample our famous ice cream! Check out all the events especially for kids: face painting, finger painting, insect petting zoo, sports games at the Campus Rec Center and Ag Day. Events for families with young children are marked with this symbol. 

Alumni Welcome back! See all the ways we have grown. Visit with fellow alumni at the Samuel Riggs IV Alumni Center, a beautiful new home for all Maryland graduates. Stop by events hosted by individual colleges and schools, and check out some of the ways campus has changed since you were here last. Tour proud additions like the Clarice Smith Performing Arts Center and Comcast Center. All alumni events are marked by this symbol. **M**

Prospective Students Maryland Day is a great opportunity to check us out and see why you should choose the best—the University of Maryland. For Undergraduate Admissions-related questions, please stop by the Mitchell Building between 10:00 A.M. and 4:00 P.M. Look for our sign—you can't miss us. Special prospective student activities are highlighted with this symbol. 

Students, Faculty and Staff Bring your friends and family and show them why we are so proud of our world-class university.

Getting here

BY CAR For detailed directions from your location and for parking information, call us toll free at 1.877.UMTERPS or log on to the Maryland Day 2006 Web site at www.marylandday.umd.edu.

The University of Maryland is located in College Park, Md. Arrive via I-95 (exit 27) or via Washington's Capital Beltway, I-495 (exit 25). Follow along exit ramp to Route 1, Baltimore Avenue. Follow Route 1 South to one of two main entrances to the campus (see map, pages 8–9).

Entrance Option 1: Route 193  After about 1 mile on Route 1 South, exit right for Route 193 (University Boulevard) toward the Stadium entrance. Turn left at Stadium Drive (second light) and follow directions/signs to parking.

Entrance Option 2: Route 1  After nearly 2 miles on Route 1 South, turn right on Campus Drive and follow directions/signs to parking.

PARKING Parking is FREE. Follow directional signs and traffic attendants to event parking areas. Please do not park in fire lanes. Disabled parking areas are reserved for vehicles displaying state-issued disabled permits.

BY METRO We are conveniently located less than 1 mile from the College Park Metro Station on the Green Line. On Saturdays, trains arrive every 10 minutes between 8:00 and 10:00 AM and every 12 minutes between 10:00 AM and 5:00 PM. Shuttle buses will run every 20 minutes to pick up and drop off visitors using Metro. The free Shuttle-UM to Metrorail pick-up/drop-off location is at Stamp Student Union.

 Attendees who need reasonable accommodations for a disability should make arrangements at least one week in advance by calling the Disability Support Service at 301.314.7682.

Cheer the Turtle

The University of Maryland is turning 150 and we've never looked better. We're one of the nation's Top 20 public research universities with a renowned faculty that includes two Nobel Prize winners and six Pulitzer Prize winners. We continue to attract the brightest students around and boast one of the best sports programs in the country. To celebrate all that's been accomplished and even greater things to come, we've published a 150th

Anniversary pictorial history book, produced a documentary, and now we're baking up one humongous birthday cake. In fact, it will be the **world's largest strawberry shortcake** measuring 16 feet by 24 feet and serving up to 50,000 slices. The official 150th Anniversary cake-cutting ceremony kicks off Maryland Day 2006 at 10:00 AM on Hornbake Plaza, followed by an entire day of cake distribution. Stop by for a taste.

Planning Your Day: Use Our Learning Neighborhoods

Take a few moments to review the program and find out about events most interesting to you. To make navigating the university a bit easier, we've divided our campus into Learning Neighborhoods (see map, pages 8–9). Although all of the neighborhoods connect you to our past, present and future, we've done our best to consolidate events by areas of interest. Enjoy getting to know more about the University of Maryland!

terp town center

 In the center of it all is McKeldin Mall, home to the university's oldest library and the Omicron Delta Kappa Fountain. The mall is also where the original Testudo, dedicated in 1933, makes his home. At Terp Town Center, you can learn more fun facts about the university and its colleges, catch live performances hourly and chow down on anything from pizza to crab cakes.

sports & rec row

 If you're looking for a challenge, head on over to Sports & Rec Row. This area is home to Byrd Stadium, the Campus Rec Center, Cole Field House and Comcast Center. Today, our athletes are always in the spotlight, but the university's athletic teams didn't get off to such a hot start. The first football team went 0–3 in 1892. Since then, we've accumulated 37 national championships. Head here if you want to meet some of our best and brightest or try a new sport yourself.

science & tech way

 Physics, biology, engineering, chemistry, mathematics and more collide in this neighborhood. The area is home to the historic Glenn L. Martin Wind Tunnel and the shiny new Kim Engineering Building. Governmental and private researchers call on faculty and staff there for insight and innovative ideas. Today is your chance to join them in experiments, view their exhibits and pick their brains.

biz & society hill

 Biz & Society Hill is home to activities highlighting the university's architecture, business, journalism, public affairs, and social sciences programs. The College of Behavioral and Social Sciences didn't exist until 1986, but 20 years later it is home to the university's most popular majors. Their experts will test your hearing or teach you about the developing world, or you can mosey on over to witness a mock trial or try your hand at spin art.

ag day avenue

 Ag Day celebrations have been a University of Maryland staple since 1924. Established as Maryland Agricultural College in 1856, our land-grant mission was to teach young men new farming techniques. Today, students in the College of Agriculture and Natural Resources research food safety and nutrition as well as diseases affecting animals and humans. Stop by, spend some time with the campus farm animals and learn more about our work on modern frontiers.

arts alley

 If visual or performing arts is your thing, make Arts Alley your first stop. The university's rich musical history began in 1859 with the Cadet Corps Drum and Buglers, while students formed the first theater group, known as The Players, in 1919. Today, artists of all types are showcased at the modern Clarice Smith Performing Arts Center, where you can catch musical recitals, dance ensembles and theater games.

Sample Listing

You'll notice that all program entries for the day are listed by neighborhood, time and topic. The sample below shows you how to interpret each description:

10:00 AM–4:00 PM	Time and Event
Corps of Cadets to Testudo's Troops	
<i>First Floor, Hornbake Library</i>	Location <small>see the Building and Location Directory on pgs. 8–9</small>
Drawing on the rich holdings of the University Archives, this exhibit explores the 150-year history of the University of Maryland through the eyes of students. University Archivist Anne Turkos will be on hand to answer questions throughout the day. LIBR  M 	Description of Event
	Prospective Students/Parents
	Alumni
	Children
	Sponsoring Department <small>see List of Sponsoring Departments on pg. 3</small>

Getting Around

You can cover more ground if you use Shuttle-UM, which runs continuously all day. See our map on pages 8–9 for bus stops. Board our red and white buses, free of charge, at bus stops along the designated routes. Take the “North Campus” bus for those events located north of Campus Drive, and the “South Campus” bus for those south of Campus Drive. Signage and guides on the bus will help you determine the best stop for a particular event.

First Aid and Safety

A First Aid station is located on McKeldin Mall or you can visit the Health Center (see map, pages 8–9). In the event of severe weather or imminent danger, campus sirens will sound to signal all on campus to seek shelter in the nearest building.

Rain Locations

In the event of heavy rain, most outdoor events will move into the nearest building. These larger outdoor activities will move as follows:

Event	From	To (rain location)
The Big Top	McKeldin Mall	Reckord Armory
Jumpin’ on the Mall: Inflatables for Kids	McKeldin Mall	Reckord Armory
World’s Largest Strawberry Shortcake Cutting Ceremony and Serving	Hornbake Plaza	Reckord Armory
Nyumburu Cultural Extravaganza	Nyumburu Amphitheater	Nyumburu Cultural Center, Multipurpose Room

Restrooms

There are restrooms available in every building on campus. Most buildings are open for Maryland Day and restrooms are marked for your convenience.

Lost Person Protocol

Immediately report a lost person to the closest Maryland Day volunteer (they’ll be wearing white t-shirts with “Explore our World” on the front). Stay in the area where you first lost your friend or loved one. Our Maryland Day staff will contact the appropriate authorities and an officer will come and help you.

For updates and more information, check our Web site at www.marylandday.umd.edu or call toll free 1.877.UMTERPS.

Information/Locator Service

Need help finding an event? Stop by any of our strategically located Information/Locator Service booths, staffed by members of our university community (see map on pages 8–9). Here you can also get a copy of the “Walk Through Terp Time: Maryland’s 150th Anniversary Trivia Tour” guide. Once you solve the campus riddles, visit a locator booth to check your answers. Plus, enter a free drawing for a chance to win a Dell prize. **UNRL**

Food

There will be plenty of meals, snacks and drinks available for purchase all over campus. When those hunger pangs hit, here’s where you can find something good to eat. All locations proudly serve Pepsi® products. **DNSV**

**TERP TOWN CENTER
On the Mall**

Burgers and Chicken
Quarter-pound hamburgers and cheeseburgers, chicken sandwiches, veggie burgers, Nathan’s Famous® hot dogs and Boardwalk Fries®

Byrd’s Red Hot House of Sausages
Char-grilled Nick’s® Italian sausages, Nathan’s Famous® hot dogs and Boardwalk Fries®

Snack Express
Sno-cones, ice cream bars and cotton candy.

Maryland Crab Cakes
Crab cake sandwiches, Maryland pork BBQ, Boardwalk Fries®, Baltimore Lemonade.

Terrapin Pan Pizza
Individual pan pizzas with your choice of cheese or pepperoni; funnel cakes with powdered sugar.

**Near the Mall
The Dairy, Turner Hall**

Featuring award-winning University of Maryland ice cream in cones, cups, sundaes and milkshakes, plus half gallons to go. Deli sandwiches, wraps, salads and Seattle’s Best® coffee. Also, try our limited-edition “1856” ice cream to commemorate our 150th Anniversary.

Stamp Student Union

Chick-fil-A®, Taco Bell, Freshens®, The Union Shop, McDonalds®, Market Place Deli, Steak Escape, Sbarro® and the Coffee Bar featuring Starbucks® and Subway®.

**ARTS ALLEY
Applause Café, Clarice Smith Performing Arts Center**

Starbucks® coffee and espresso, deli sandwiches, salads, paninis and more.

BIZ & SOCIETY HILL

South Campus Dining Room
A food court featuring the South Side Deli, Broiler Works, Maria’s Italian Creations, Cookies Bakery, Scoops Ice Cream Shop and Salads—24 feet of soup and create-your-own salad.

SPORTS & REC ROW

Byrd Stadium
(During the Spring Game only) Burgers, Nathan’s Famous® hot dogs, hot soft pretzels and more.

The Diner

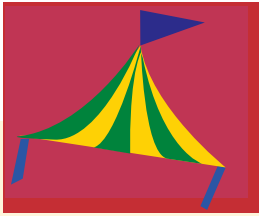

Our largest food court offering: Al’s Grill, CC Sweets, Sprouts vegan cuisine, Clucker’s Rotisserie Chicken, the California Deli and more.

**Sneakers Café,
Campus Recreation Center**

Offering Freshen’s® fruit smoothies, deli sandwiches and juices.

terp town center

THE CENTER OF TODAY'S ACTION IS AT McKELDIN MALL, surrounded by the library, Stamp Student Union and more. In this neighborhood, you'll find our Inflatables for the Kids, the Big Top (with live performances on the hour), all sorts of University of Maryland information, and plenty of food. **Terp Town Center is highlighted in red on the map.**

the big top

Join us under the Big Top on McKeldin Mall for live performances on the hour featuring well-known local performers and some very talented Maryland students. Special thanks to MIX 107.3, our Big Top emcee.

11:00 AM Vid Kid Road Show

Always a Maryland Day favorite! Enjoy Maryland Public Television's Vid Kid Road Show featuring Emmy Award-winning children's host Bob the Vid Tech and his partner in fun, Brianna. **LIBR, UNRL** 🎭

NOON Enjoy the Generics

Don't miss the University of Maryland's only all-male a cappella group as they perform all types of music from rap to rock to pop to old-school oldies. **UNRL, SSU**

12:30 PM On Stage with Faux Paz

Catch the university's first co-ed a cappella group. Formed in 1992, they have performed around the country at schools, colleges, private events and competitions. **UNRL, SSU**

1:00 PM Bob the Vid Tech and Brianna

Enjoy this live musical comedy for kids of all ages. MPT's Vid Kid Road Show features Bob the Vid Tech and Brianna. **LIBR, UNRL** 🎭

2:00 PM Steppin' with Alpha Nu Omega Inc.

Fraternity and sorority members of the Christian-based Alpha Nu Omega Inc. take to the stage to give us a taste of what a true step competition is like. **UNRL, OFSL**

2:30 PM We Are PandemoniUM

Enjoy this eclectic, co-ed a cappella group with a repertoire that includes pop, jazz, spirituals and much more, all arranged to be performed solely by voices. **UNRL, SSU**

3:00 PM Enjoy the Treblemakers

A must hear! Join us under the Big Top for a performance by the University of Maryland's only, all-female a cappella group performing a variety of top hits. **UNRL, SSU**

CAMPUS SERVICES TENT McKELDIN MALL 10:00 AM-4:00 PM

Are You Ready for College?

Meet staff of the Learning Assistance Service and Disability Support Service of the university's Counseling Center to learn what you need to do to be ready for college. Specific tips on the math placement exam, information for students with disabilities, and skills you'll need for success are available. **UMCC** 🎓

Athletics and Terrapin Club Information

Stop by, say hello and pick up marketing materials about athletics and Terrapin Club information. **ICA**

BB&T: Your Credit, Your Future

What does your credit look like? Learn how to pull your free credit report and how information reported may affect your future credit needs. BB&T staff will be on hand to share financial literacy and homebuyer education information. **UNRL**

Cheer the Turtle with TerpTees.com!

In honor of the 150th Anniversary, TerpTees.com is hosting drawings every hour on the hour on Maryland Day. Stop by their table, check-out their merchandise and enter for a chance to win one of many TerpTees.com prizes. **UNRL**

Conferences and Visitor Services

Did you know that we host 1,000 conferences and events every summer? And, we welcome 25,000 visitors a year? Learn about our services and play "You Are Here" for prizes. **CVS**

Guess the Amount

Visit the Bursar's Office, and win prizes when you guess the amount in the money jar. **BUSR**

Humor Your Way to Health

Lots of humor-based activities, information, and prizes for all ages. Have fun learning about healthy eating and physical fitness. Presented by the Legacy Leadership Institute on Humor Practices of the Center on Aging, and the Gliner Center for Humor Studies. **COA, GCNS**

Learn About Chinese Culture!

Learn about the Institute for Global Chinese Affairs and the Confucius Institute. Discover your sign according to the Chinese Zodiac, receive a unique Chinese name and win special Chinese prizes. **CIM, IGCA**

Legacy College for Lifelong Learning

Legacy College offers a comprehensive array of stimulating educational opportunities for people age 50 and beyond, including study groups, cultural and social events, leadership, civic engagement and university privileges. **COA**

Maximize Your Finances Today and Secure Your Future

A successful financial future begins with knowledge and a personalized plan. Meet AIG VALIC financial experts, ask your questions, and get informed so you can secure your financial future. Learn about diversification, asset allocation and investment strategies. All university employees who visit the AIG VALIC table can register to receive a FREE, no obligation personal retirement plan. **UNRL**

Paying for College with Nelnet

Nelnet can answer your questions and simplify the financial aid process. Visit the Nelnet table with the bright purple balloons and learn about our College Planning, Health Education and Alumni Affinity programs. Nelnet is awarding \$7,500 in scholarships on Maryland Day—make sure you sign up for your chance to win. **UNRL**

COLLEGE AND DEPARTMENT TENTS McKELDIN MALL 10:00 AM-4:00 PM

ARCHITECTURE, PLANNING, AND PRESERVATION

Shape our Environment with the School of Architecture, Planning, and Preservation

Try hands-on activities that engage young people and introduce them to our environment including building a geodesic dome constructing models and more. **ARCH**

ARTS AND HUMANITIES

1:30 PM-2:30 PM Performing Poets and Fiction Writers

Come and see creative writing faculty and students twist and twirl words in every direction as they present their creative masterpieces. **ENGL**

All About Arts and Humanities

Experience exciting events and find out what Arts and Humanities is all about. Speak with an admissions counselor, participate in an arts workshop and hear poetry readings. **ARHU**

Arts Workshop

Paint, draw, glitter, cut and paste. Exhibit your artwork in ARHU's mini-gallery or carry it along. **ARHU, CRBS**

Arts and Humanities Admissions Table

Meet the college's Admissions Coordinator to learn about the academic majors, curricular and extracurricular programs, living-learning programs, and career opportunities within the college. **ARHU** 🎓

BEHAVIORAL AND SOCIAL SCIENCES

10:00 AM-12:45 PM

College of Behavioral and Social Sciences: Not Just a Blip on the Map

Spying on your neighbors from space 101: a lively introduction to the social sciences. **BSOS, OACS**

10:00 AM-12:45 PM Managing and Saving Our Environment with GIS

How and why does our natural environment change? What choices do we have for ourselves and our children? The Department of Geography will present its world-class work using GIS (Geographic Information Systems), and explain how this technology monitors our environment and resources, and delivers vital information to the public on critical issues like fire and pandemics to support effective decision-making. **BSOS, GEOG**

1:15 PM-4:00 PM Archaeology in Annapolis WebGIS

What is a Geographic Information System (GIS)? Find out and see how the GIS for historic Annapolis pinpoints famous buildings, descriptions, historic photographs, maps and views of the whole city and its archaeology. Tim Goddard, a master's of applied anthropology graduate student, will demonstrate a web-based GIS made for the historical district of Annapolis. Also available will be a GIS of African American sections of Baltimore city and GIS-supported work in biological anthropology from the Department of Anthropology. **ANTH, BSOS**

1:15 PM-4:00 PM Crime Mapping at the Washington/Baltimore HIDTA

The Washington/Baltimore High Intensity Drug Trafficking Area (HIDTA) Program supports federal, state and local law enforcement agencies. See how the HIDTA Crime Mapping Unit uses GIS technology to help its participating agencies visualize and interpret crime trends in the region. **BSOS, HIDTA**

CENTER FOR THE ADVANCED STUDY OF LANGUAGE

University of Maryland's Center for Advanced Study of Language

In our world, the ability to understand other cultures and languages is increasingly important. Discover how CASL is helping to bridge the language gap. Get your name written in Chinese, Russian, Arabic or another language. Learn how today's English colloquial words evolved from other languages. **CASL**

CHEMICAL AND LIFE SCIENCES

Chemistry Magic

Be careful something might explode. Can you shatter a rubber ball? Make putty? Will you see magic or chemistry? Have fun watching the chemists play. **CLFS**

Experience the College of Chemical and Life Sciences

Programs. Research. History. Celebrate alumni achievement. The college is on the road to excellence. **CLFS**

10:00 AM Official 150th Anniversary Cake-Cutting

Hornbake Plaza

Join us for the official opening of Maryland Day 2006 as President Mote, the deans, ROTC Color Guard and Testudo wish the university a happy 150th birthday and cut into the world's largest strawberry shortcake. Stick around for a piece of this yummy, 16 ft. x 24 ft., 50,000 slice, record-breaking cake. **DNSV, UNRL** 🎭

Life's a Carnival

Life science games and fun! Participate in the Biotech Taste-Off. Can you taste the genetically altered food? Make a microbe and take it home. **CLFS**

CITY OF COLLEGE PARK/PRINCE GEORGE'S COUNTY

City of College Park—You Are Here!

Welcome to the City of College Park, home of the University of Maryland, and much more. Meet city government officials and learn about a variety of city services, civic organizations and area resources. Discover local points of interest and find out about our connection to aviation history. **CCP**

Prince George's County Invites You to Live, Work and Play!

Neighboring our nation's capital, Prince George's County is rich in heritage yet connected to tomorrow's technology. A family friendly destination, it is home to Six Flags America, FedEx Field, the National Wildlife Visitor Center, NASA Goddard Space Flight Center, the University of Maryland and more. A vibrant and culturally diverse community, residents come from every continent and speak 125 languages. Whether it's a conference, reunion or meeting; an arts, sports, or business event, we have a place for you. Visit our tent, participate in arts and crafts with the Prince George's Arts Council and Creative Initiatives Foundation and enjoy a performance by CAFE's Positive Vibrations Youth Steel Pan Orchestra. **PGCO, UNRL**

EDUCATION

12:00 PM-2:00 PM

Meet the College of Education Deans

Visit with Dean Edna Mora Szymanski, celebrating her seventh year as dean, who leads one of the nation's top-ranked colleges. Talk with associate deans Dr. Martin Johnson, Dr. Donna Wiseman and Dr. Thomas Weible. **EDUC** 🎓

12:00 PM-2:00 PM

Meet the Department Chairs in the College of Education

Drop by to talk with the department chairs about the many programs offered through the six major departments within the college. **EDUC** 🎓

Calling All College of Education Alumni

Visit the college tent, meet alumni board members, learn about upcoming events and take home a gift of appreciation just for stopping by. **EDUC M**

Explore Education

Meet college faculty, students, future teachers, special alumni and staff to learn more about undergraduate graduate and outreach programs in the College of Education. **EDUC** 🎓

Find Funds to Pursue a Teaching Career

Learn about scholarship and financial aid opportunities available to prospective teachers with emphasis on programs within the College of Education. Presentations on the hour; information available throughout. **EDUC** 🎓

Maryland Literacy Research Center

View various samples of literacy research from faculty members of the Maryland Literacy Research Center, or be a part of a mini lesson to learn how hands-on science observation of a horseshoe crab and literacy can be merged. **EDUC**

Thinking About Becoming a Teacher

Explore the undergraduate/graduate teacher education programs in the College of Education. Find out about courses, paths and requirements to become an early childhood, elementary, secondary or special education teacher. **EDUC** 🎓

ENVIRONMENTAL SAFETY

Terps—Keeping It Safe

Meet university guardians of our environmental health and occupational safety. Hear from university fire marshals as they share their expertise for “keeping it safe.” Enjoy games prizes and helpful information for the whole family. **ENVS**

FACILITIES MANAGEMENT

Campus Master Plan: 150 Years in the Making

Learn how the campus looked in the past and how it will grow and change over the next 20 years, including open spaces, transportation, and new and renovated buildings. **FMGT**

Anacostia Trails Heritage Area: Explore, Discover, Be Surprised!

Learn about this area that includes 83.7 square miles of Prince George’s County history, 14 municipalities, the University of Maryland and more. Find out for yourself how ATHA encourages heritage tourism, builds local economies and supports the natural, historical and cultural resources of the heritage area. **FMGT**

GRADUATE SCHOOL

Graduate Study at Maryland: Infinite Possibilities

Explore your opportunities for advanced study with representatives from the graduate school. **GRAD, ORRD** 🏠

HEALTH AND HUMAN PERFORMANCE

Cardiovascular Risk Assessment

Identify your personal risk factors and learn how physical activity can reduce your risk of heart disease, hypertension, diabetes and osteoporosis. **HLHP, KNES**

Get a Handle on Your Body Fat

We can discretely measure your body fat using bioelectrical impedance. All you have to do is hold two handles. Excess body fat? Our experts can help you get a handle on that too. **HLHP, KNES**

Getting to Know You: Family Games

The Department of Family Studies invites you to play a game that gives families an opportunity to show how much they know about each other—or other families. **FMST, HLHP**

Health Know-How

Is your health par for the course? The Department of Public and Community Health invites you to meet us on the green to see if your health and wellness know-how can bag you a hole-in-one! **HLHP, HLTH**

In the Balance

Ever wonder how surfers keep their balance? Let us test your “wave-riding” potential and show you how your senses keep you in equilibrium. **HLHP, KNES**

Juggling Act

How good are you at juggling the aspects of your good health? Visit the Department of Public and Community Health to test your skill at maintaining balance in your life. **HLTH**

Jump Start

Do your older children tease the younger ones about being bigger, faster or stronger? It’s time to set them straight! Bring them along to test their jumping ability and compare their results to age-matched norms. **HLHP, KNES**

10:00 AM–4:00 PM IKEA Design Solutions 101

Mitchell Field

Visit the IKEA trailer and explore design solutions for small and challenging spaces. Learn from IKEA experts how to transform average spaces into ideal living and working environments with simple organization, just-right furniture, proper lighting and more. IKEA prizes will be awarded hourly from 10:00 AM to 3:00 PM. All invited to enter the free drawings for a chance to win. **UNRL**

Putting Challenge

Try to sink a hole in one and learn about our Health and Human Performance Alumni Chapter and scholarship golf tourney on August 4th. **HLHP**

Throwing Challenge

How far and accurately can you throw? Test your skills and get tips from the experts. **HLHP, KNES**

What’s a Pedometer?

Stop by the kinesiology booth and find out. Hint: It can help you loose excess body fat and improve your health and fitness. **HLHP, KNES**

NATIONAL ARCHIVES

science & tech way

See the world of physics, biology, engineering, chemistry, mathematics and more come to life in hands-on experiments, demonstrations and interactive displays. Sure, the earliest engineering students brought sledgehammers to class, but with technology, learning has never been so much fun. Science & Tech Way is highlighted in blue on the map.

9:00 AM–12:30 PM Discover Engineering

3201 J.M. Patterson Building

A half-day workshop that introduces high school women to engineering disciplines. Events include speakers and an engineering activity. Reservations required. Visit www.eng.umd.edu/SWE for an application or email swe@glue.umd.edu for more information. **ENGR, SWE**

10:00 AM–2:00 PM Fun with Illusions

Front Lawn, John S. Toll Physics Building

What you see is NOT what you get. Learn about the physics behind optical illusions through interactive demonstrations and make-and-take activities. **CMPS, PHYS**

10:00 AM–2:00 PM Make and Take Mini Physics Demos

Front Lawn, John S. Toll Physics Building

Make physics magic! Use common household ingredients to make slime and much more. **CMPS, PHYS**

10:00 AM–2:30 PM Insect Petting Zoo

1161 Plant Sciences Building

Imagine tarantulas, exotic insects, scorpions, bees, and millipedes longer than your hand. All for you to look at... and touch if you dare. **CLFS**

10:30 AM–11:15 AM Meet the Engineering Dean: A Prospective Student Information Session

1202 Glenn L. Martin Building

Discover the academic programs and opportunities that await you in the A. James Clark School of Engineering. Session is 45 minutes in length. **ENGR**

10:30 AM–11:30 AM Meet the Dean of Chemical and Life Sciences

1130 & 1140 Plant Sciences Building

Medicine, dentistry, biology, chemistry, neuroscience, environmental science, biotech industry, graduate research... where will a degree in life sciences take you? **CLFS**

10:30 AM–11:30 AM Meet the Dean of Computer, Mathematical and Physical Sciences

1115 Computer Science Instructional Center

Meet the dean, staff and current students. Learn about our academic programs and opportunities. **CMPS**

10:00 AM–4:00 PM BAE Systems: a Pioneer in Technology Advancing Intelligent Defense Systems Worldwide

Front Lawn, Glenn L. Martin Building

BAE Systems develops, delivers and supports advanced defense and aerospace systems in air, on land, at sea and in space. Hear from experts how they design, manufacture and support military aircraft, combat vehicles, surface ships, submarines, radar, avionics, communications, electronics and guided weapon systems. Step into the forefront of innovation with BAE Systems and imagine how the next generation of intelligent defense systems will protect our homeland. **ENGR, UNRL**

10:30 AM–11:30 AM Physics Is Phun: Center of Mass and Newton's Laws

1412 John S. Toll Physics Building

Come see one of our biggest crowd pleasers. View exciting experiments on the center of mass and exciting demonstrations on Newton's Law. Our renowned Physics is Phun program is great for all ages. **CMPS, PHYS**

11:00 AM–11:30 AM Nanoscience Research Tour

Lobby, John S. Toll Physics Building

Take a tour of our cutting-edge experiments in nanoscience (meet in the Physics lobby). **CMPS, PHYS**

11:00 AM–1:30 PM SimonBot

Lobby, Computer Science Instructional Center

Play Simon Says with a robot. Come see a robot that has a moving head and arms and is able to recognize whether you follow the rules of the game. **CMPS**

11:00 AM–2:00 PM Demos for Tots

Front Lawn, John S. Toll Physics Building

Come and spark the interests of our future physicists with interactive demonstrations for toddlers. **CMPS, PHYS**

11:30 AM–12:00 PM Tour the Center for Superconductivity

Lobby, John S. Toll Physics Building

See where great physics happens! **CMPS, PHYS**

11:30 AM–12:15 PM Meet the Engineering Dean: A Prospective Student Information Session

1202 Glenn L. Martin Building

Discover the academic programs and opportunities that await you in the A. James Clark School of Engineering. Session is 45 minutes in length. **ENGR**

11:30 AM–1:30 PM Liquid Nitrogen Ice Cream

Front Lawn, John S. Toll Physics Building

You've had 31 flavors, but we bet you haven't had ice cream like this! Our homemade physics specialty tastes great and is safe for children of all ages—come try a sample. **CMPS, PHYS**

12:00 PM–1:00 PM Hot Dog Roast

Front Lawn, John S. Toll Physics Building

Join us for some good eats on the house. Tickets will be distributed from 9:00 A.M. until 12:00 P.M. in front of the Physics Building. You must have a ticket in order to get a hot dog. **CMPS, PHYS**

12:30 PM–1:30 PM Atlantic Hurricanes Are Back—Get Prepared!

Front Lawn, Mathematics Building

Everything you wanted to know about hurricanes, but were afraid to ask. Gerry Bell, lead hurricane scientist at the National Oceanic and Atmospheric Administration's Climate Prediction Center, will talk about monitoring and diagnosing hurricane activity. **CMPS, ESSI**

12:30 PM–1:30 PM Physics Is Phun: Center of Mass & Newton's Laws

1412 John S. Toll Physics Building

Come see one of our biggest crowd pleasers. View exciting experiments on the center of mass and exciting demonstrations on Newton's law. Our renowned Physics is Phun program is great for all ages. **CMPS, PHYS**

1:00 PM–2:00 PM Cosmic Ray Lab Tour

Lobby, John S. Toll Physics Building

Come on a virtual journey as we tour our cosmic ray lab. Together, students, physicists and engineers work in the lab to build state-of-the-art particle detectors to fly on gigantic balloons in Antarctica. **CMPS, PHYS**

2:00 PM–3:00 PM What We Thought We Knew, What We Know Now, What We Now Know We Don't Know: 150 Years of Physics

1201 John S. Toll Physics Building

Professor Jordan Goodman talks about the mysteries explained in Physics' history. Come and understand the evolution of our knowledge about the nature of light, atoms, particles and our once innocent view of the universe. **CMPS, PHYS**

ALL DAY EVENTS 10:00 AM–4:00 PM

150... Astronomy Style

Front Lawn, Mathematics Building

Celebrate University of Maryland's 150th Anniversary with the Department of Astronomy as we explore the 150 nearest stars, 150 brightest stars, stars within 150 light-years and more. **ASTR, CMPS**

367,000 Gallons of Outer Space

Neutral Buoyancy Research Facility

How can we learn about working in space without leaving Earth? The best way is to go underwater. Come see our 50-ft. diameter, 25-ft. deep version of outer space. Demonstrations will be shown of the MX-2 experimental space suit working with a 25-ft. tall robot that repairs satellites and assembles space structures. Take your turn controlling the robot to perform basic tasks underwater. **ENAE, ENGR**

A. James Clark School of Engineering Information Fair

Front Lawn, Glenn L. Martin Building

Discover the majors and opportunities that are available in the A. James Clark School of Engineering. **ENGR**

ABC 7's Weather Bug Team & Storm Chaser

Front Lawn, Mathematics Building

Swing by Tech Way to survey the Storm Chaser mobile forecasting unit and meet the ABC 7 Weather Bug team. Learn more about weather forecasting by calculating rainfall, wind speed and direction, temperature cycle and more. **UNRL**

All About Computer, Mathematical and Physical Sciences

Front Lawn, Mathematics Building

Learn more about the College of Computer, Mathematical and Physical Sciences. **CMPS**

Anatomy of a Candle Flame

Front Lawn, Glenn L. Martin Building

How much can a single flame tell us about fire? Check-out demonstrations by students and faculty from the Fire Protection Engineering Department and find out for yourself. **ENFP, ENGR**

Bone Collector & Forensic Science

1164 Plant Sciences Building

Skeletons. Forensics. Bugs on something dead. Micro camera probes. Can you piece together the facts from all that remains? **CLFS**

Chaos and Energy: Hands-On Experiments

Front Lawn, Mathematics Building

Participate in hands-on mini-experiments in chaos, energy, magnetic fields and more. **CMPS, IREAP**

Comcast Multimedia Signal Processing Lab and Sony Studio-Theater

Front Lawn, Glenn L. Martin Building

Multimedia in a nutshell. This tour provides visitors with hands-on experience on the latest multimedia research and education in the Department of Electrical and Computer Engineering. Visitors will see interactive demos on state-of-the-art multimedia technologies and try out interesting projects coming from cutting-edge research and teamwork. Tours leave from the ENEE table. Check at the table for exact times. **ENEE, ENGR**

Demonstration of High-Performance and Grid Computing Technologies

4404 Computer and Space Sciences Building

Faculty, students and researchers need a robust high-performance computing infrastructure to perform world-class research in areas such as science, engineering, nanotechnology, business and social sciences. Special thanks to Dell for their event support. **OIT**

Energy & the Environment: Tour the Compressor Lab

0139C Engineering Lab Building

Tour the Compressor Lab and learn about the Center for Environmental Energy Engineering research for alternative cooling technologies and distributed energy conversion systems for buildings and transportation. Learn how these alternatives are environmentally friendly and beneficial to society. **ENGR, ENME**

Energy & the Environment: Tour the Heat Pump Lab

1100 Potomac Building

Tour the Heat Pump Lab and learn about the Center for Environmental Energy Engineering research for alternative cooling technologies and distributed energy conversion systems for buildings and transportation. Learn how these alternatives are environmentally friendly and beneficial to society. **ENGR, ENME**

Engineers Without Borders

Front Lawn, Glenn L. Martin Building

The award-winning University of Maryland chapter of Engineers Without Borders partners with disadvantaged communities to improve their quality of life through environmentally and economically sustainable engineering projects. Learn about new and already completed projects in Thailand, Ecuador and Brazil. **ENGR**

11:00 AM–12:00 PM ABC 7's Doug Hill Discusses the Weather & Much More

Front Lawn, Mathematics Building

Don't miss this opportunity to hear Chief Meteorologist Doug Hill discuss everything from the area's ever-changing weather patterns to how he ended up in meteorology in the first place. Followed by a brief Q&A session. **UNRL**

Explore the New Jeong H. Kim Engineering Building

Rotunda, Jeong H. Kim Engineering Building
Tour the new engineering building and explore the facility where cutting-edge research takes place throughout the 27 state-of-the-art labs. Discover the exciting worlds of nanotechnology, microelectromechanical systems, transportation systems and space systems. The building itself is a lab including internal bridges, exposed systems and more. Tours leave on the half hour. **ENGR**

Extreme Robotics!

1309 Jeong H. Kim Engineering Building
Visit the Space Systems Development Lab where students have hands-on experiences developing advanced technology for space travel, transportation to the bottom of the ocean and more. Control a state-of-the-art dexterous space robot being developed for repairing satellites in space. Check out the undersea robot arm which will be used to research sea life under the Arctic in 2007. **ENAE, ENGR**

Flip, Flap and Fly!

2222 J.M. Patterson Building
Glimpse into the future of helicopter technology at the Alfred Gessow Rotorcraft Center, recipient of the American Helicopter Society's design competition first place award for eight years in a row. **ENAE, ENGR**

Google Map Service Kiosk

4404 Computer and Space Sciences Building
Check out Google map services with staff from the Office of Information Technology. **OIT**

Hurricanes 2005! A Sign of Things To Come?

Front Lawn, Mathematics Building
From tropical storms Arlene to Zeta and everything in-between, come learn about hurricanes and their connection to climate change. Was the exceptionally active 2005 hurricane season a sign of things to come? **CMPS, ESSI**

Hurricanes, Airplanes, Cars, Trucks, Sailboats and Submarines. We Do It All!

Wind Tunnel, Glenn L. Martin Building
Visit the Glenn L. Martin Wind Tunnel. Learn how the tunnel works and how it is used in aerodynamic studies. Experience a short blast in the Wind Tunnel. Last tour begins at 3:30 P.M. **ENAE, ENGR**

Intelligent Servosystems Laboratory

Front Lawn, Glenn L. Martin Building
All you ever wanted to know about computer-controlled robotic devices and more. Featured presentations include mobile robots that navigate complex and cluttered environments. Visit the ENEE table for tour information. **ENEE, ENGR**

Magnified Materials

1237 Jeong H. Kim Engineering Building
Tour the Microscopy and Microanalysis Center. Get up close and personal with common objects magnified greater than 10,000 times. Tours on the hour. **ENGR, ENMA**

Maryland Hybrid Networks Center

Front Lawn, Glenn L. Martin Building
HyNet investigates the interactions of diverse communication networks—from space communication to networks of extremely low powered sensor devices. A group of undergraduate researchers will showcase their research and demonstrate a network of robots, cameras, handheld computers and tiny sensor devices. Visit the ENEE table for tour information. **ENEE, ENGR**

Personal Technologies/iPod Carnival

1400 Computer and Space Sciences Building
Fun and excitement for the whole family: enjoy personal podcasts, images and other technologies such as blogs, wikis and PDAs. Special thanks to Apple for their event support. **OIT, UNRL**

Podcasting Your Memories: Capturing Maryland Oral History

1410 Computer and Space Sciences Building
Come create a podcast of your favorite Maryland memory—whether it's a memory of when you were a student at Maryland or your favorite activity at Maryland Day. Become part of our oral archive of Maryland history. Special thanks to Apple for their event support. **OIT, UNRL**

Maryland Optics Group

Front Lawn, Glenn L. Martin Building
See various kinds of lasers in action. Learn about new ways of using lasers for optical communication and sensing. Check the ENEE table for tour information. **ENEE, ENGR**

Maryland Vision for Space Exploration

Manufacturing Building
Check out our spacecraft simulator complete with high-fidelity mockup of the Space Shuttle flight deck and Spacelab pallet. Walk around the history of robotics at the Space Systems Laboratory with robots that have repaired Hubble Space Telescope, rescued stranded astronauts and built giant space structures. Drive rovers like those currently exploring Mars and check out our designs for human/robotic teams that will explore the Moon and Mars. **ENAE, ENGR**

Maryland Water Resources Research Center

Front Lawn, Glenn L. Martin Building
Explore new technology and more efficient methods for resolving local, state and national water resources problems in Maryland. **ENCE, ENGR**

Materials Teaching Lab Demos

1135 Jeong H. Kim Engineering Building
Tour the Materials Teaching Lab which allows students to study various materials and their mechanical, electrical and magnetic properties. Come and see how a material breaks. Tours on the hour. **ENGR, ENMA**

Materials in Modern Technology

2310 Jeong H. Kim Engineering Building
Tour the Microelectronics Fabrication Laboratory. See how modern electronic devices are made in this state-of-the-art clean room. Tours on the hour. **ENGR, ENMA**

Materials in Your Life

Front Lawn, Glenn L. Martin Building
Interactive demonstrations and hands-on activities featuring materials used in modern technology. **ENGR, ENMA**

Measure the Weather

Front Lawn, Mathematics Building
Build your own instruments to measure wind and rain-fall amounts. **CMPS, METO**

Microelectromechanical Systems

Front Lawn, Glenn L. Martin Building
See a "Micro-Motor" the size of a nickel, tiny optical switches for routing internet traffic, biological sensors for trapping DNA and custom silicon lenses for focusing x-rays. Check the ENEE table for tour information. **ENEE, ENGR**

Minerals & the Earth: The Stuff of Life

2118 Geology Building
Come see and touch pieces of the planet's insides. These minerals, rocks and gems are the raw materials of life. **CMPS, GEOL**

Mission CEE: Take the GPS Challenge!

Front Lawn, Glenn L. Martin Building
Learn how civil and environmental engineers use digital maps and global positioning systems (GPS) to build infrastructure and protect the environment. Search for hidden treasures using handheld GPS devices. **ENCE, ENGR**

New Ventures and Entrepreneurship

Front Lawn, Glenn L. Martin Building
Explore the pathways of entrepreneurship with current students of the Hinman Campus Entrepreneurship Opportunities program (Hinman CEOs). **ENGR, HCEO**

10:00 AM–4:00 PM

Deep Impact: Our First Look Inside a Comet!

Front Lawn, Mathematics Building
Learn about the University of Maryland's role in NASA Discovery Mission Deep Impact. Meet project scientists and find out what we learned. Participate in fun crater- and comet-making demos.

ASTR, CMPS

10:00 AM–4:00 PM

Fly with Lockheed Martin!

Front Lawn, Glenn L. Martin Building
Participate in a classic engineering exercise and construct your very own airplane. Test its flying properties and compete with other designs for prizes. Learn what it takes to be an engineer. **ENGR, UNRL**

Office of Advanced Engineering Education

Front Lawn, Glenn L. Martin Building
Learn about the Professional Master of Engineering and Graduate Certificate in Engineering Programs, custom short courses, workshops and license reviews. **ENGR**

Orthopaedic Mechanobiology Lab Tour

3237H Jeong H. Kim Engineering Building
How does bioengineering research relate to you? How do mechanical factors affect biological responses? What do experts know about the tissues of the musculoskeletal system and intervertebral discs in the spine? Tour the Orthopaedic Mechanobiology Lab and get the answers to these questions and more. **ENGR, ENME**

Physics Demos

Front Lawn, John S. Toll Physics Building
Use a bicycle to generate electricity or shoot a pencil through a block of wood. Come try these and some of our other interactive demos. **CMPS, PHYS**

Pitching Contest

Front Lawn, John S. Toll Physics Building
Give us your best throw. See how you rank against the best major league baseball has to offer. **CMPS, PHYS**

Poly-Fun with Slime & Colors

Front Lawn, Glenn L. Martin Building
Discover chemical engineering through an array of stimulating hands-on activities including: classical slime, super-soaker poly-gel, dancing black ink, diving critter, bad-breath tester and more. You make it, you take it. **ENCH, ENGR**

Predicting the Weather

Front Lawn, Mathematics Building
Learn how weather predictions are made. **CMPS, METO**

Probability and Chaos

Front Lawn, Mathematics Building
Demonstrations and exhibits illustrate the mathematical principles involved in probability and in chaos theory, with applications. **CMPS, MATH**

Respiratory Health

Front Lawn, Glenn L. Martin Building
Measure your respiratory resistance with the air-flow perturbation device. Talk about the latest advances in bioengineering. **AGNR, ENBR, ENGR**

Science, Discovery and the Universe

Front Lawn, Mathematics Building
Visit with scholars from the College Park Scholars SDU program as they lead children in astronomy-themed arts and crafts activities. **ASTR, CMPS**

Science Grab-Bag

Front Lawn, Mathematics Building
Series of short talks throughout the day on various topics ranging from meteorology to astronomy to computers. Talks will be given by CMPS faculty and guests from other science institutions such as NASA and NOAA. **CMPS**

Smart and Small Thermal Systems Laboratory

1109 Potomac Building
Learn how to cool hot objects faster, control their temperature and make heat transfer quicker, more efficient and reliable. **ENGR, ENME**

So You Want to Be a Helicopter Pilot?

Lawn, J.M. Patterson Building
View the inside of a real (but grounded) helicopter. **ENAE, ENGR**

Solar Observing

Front Lawn, Mathematics Building
Take a safe look at the big yellow (or red, depends on the filter) ball in our sky through telescopes with observatory staff. **ASTR, CMPS**

Solar Powered House

Front Lawn, Glenn L. Martin Building
Learn about the 2005 Maryland Solar Decathlon. Check out the house design that won the People's Choice Award and see solar power in action. **ENCE, ENGR**

Terps Miniature Golf

Front Lawn, Glenn L. Martin Building
Test your putting skills at the Engineering Alumni Chapter mini golf hole. See if you can make a hole-in-one while learning about the engineering involved in golf. **ENGR**

Test Your Lung Function

Front Lawn, Glenn L. Martin Building
Interactively test your pulmonary power. See demonstrations of state-of-the-art biomedical equipment used to measure respiratory resistance in humans. **AGNR, ENBR, ENGR**

W.M. Keck Foundation Laboratory for Combinatorial Nanosynthesis and Multiscale Characterization

1141 Jeong H. Kim Engineering Building
Tour the lab and learn about combinatorial materials discovery which rapidly increases the capacity to discover new materials. Tours on the hour. **ENGR, ENMA**

Water and the Earth: The Stuff of Life

0227A Chemistry Building
How does water geochemistry affect your life? Have a geology faculty expert analyze your household tap water for lead (Pb). Bring water in a clean jar and have it analyzed in our mass spectrometry facility. **CMPS, GEOL**

Weather and Climate in 1856

Front Lawn, Mathematics Building
Learn what the weather and climate was like when the university was founded in 1856, and how it has changed since then. **CMPS, METO**

What Grown-ups Learn from Playing with Sandpiles

Front Lawn, John S. Toll Physics Building
Sand can flow like water, but we can't swim in it. We can build a sandcastle, but it will suddenly crumble. Learn about the science of sand. **CMPS, PHYS**

Wonders of Engineering

Front Lawn, Glenn L. Martin Building
Explore engineering through hands-on projects designed by undergraduate engineering students. **ENGR**

biz & society hill

Biz & Society Hill is abuzz with activities highlighting our highly rated architecture, business, journalism, public affairs and social sciences programs. Events like an archeological dig and information about African American history link you to the past, while hearing tests and advice on managing stress get you ready for the future.

Biz & Society Hill activities are highlighted in light green on the map.

10:00 AM–11:00 AM Classical Myths in Paris

1400 Marie Mount Hall

Attend this lecture about a study tour of Paris with an emphasis on its classical (Greek and Roman) heritage and the uses the French have made of the classical tradition in art, architecture and literature. **ARHU, CLAS**

10:00 AM–12:00 PM Chapel Alumni Gathering

Memorial Chapel

Baptist, Lutheran, United Methodist and all alumni are invited for a welcome home, an update on what's happening and a vision for the future. Stop by the Chapel garden and get blessed by the latest news and developments. **MC M**

10:00 AM–12:00 PM University Honors Welcomes You

Basement Lounge, Anne Arundel Hall

Learn about the university's excellent and lively Honors Program for students with exceptional academic talents. Ask a dynamic panel of current Honors students all your questions. Future Terps are welcome. **UGST**

10:00 AM–1:30 PM How Well Do You Hear?

0110 LeFrak Hall

Have your hearing tested in a sound-proof booth by experts from our Department of Hearing and Speech Sciences. Tests are open to adults and children ages 3 years and older. Testing is by appointment only, and appointments are available from 10:00 A.M. until 1:30 P.M. Call 301.405.4218 by April 28 to make an appointment. **BSOS, HESP**

10:00 AM–2:00 PM Art Gliner Center for Humor Studies

Tawes Plaza

Learn and participate in comedy improv games with seasoned middle school students from Colonel E. Brooke Lee Middle School. With the help of the Art Gliner Center for Humor Studies, these students put on an original full length feature sketch comedy revue each year. **GCNS**

10:00 AM–2:00 PM Landmarks and Legacies: A History of the College of Education, 1920 to Present

Benjamin Building

As part of the University of Maryland's 150th Anniversary celebration, the College of Education collected and wrote its own comprehensive historical account. Meet the members of the College of Education's history project committee, enjoy the display of artifacts, and browse the timeline featuring photos and oral histories at: www.education.umd.edu/CollegeHistory.

EDUC

10:00 AM–4:00 PM Student Visions for College Park: A College Town Charrette

Great Space, Architecture Building

Recently the School of Architecture, Planning, and Preservation partnered with the Student Government Association to host a Charrette where they rallied campus citizens to explore the future possibilities for the improvement of our town, College Park. Check out this thought provoking exhibit presenting their creative ideas and designs. **ARCH, SGA**

10:00 AM–3:00 PM Digital Games and Activities

1121 Benjamin Building

Make and take a sticker or card with your picture on it. Explore fun games and activities to help you learn. Parents, need ideas for rainy or snowy days? Come and see samples of activities and walk away with a list of ideas. **EDUC**

10:00 AM–3:00 PM Origami Crafts

1121 Benjamin Building

Kappa Delta Pi members will help children and adults learn about and make their own origami art. Find out more about KDP and how it is working to help the campus and community. **EDUC**

10:00 AM–3:00 PM Spin Art

1107 Benjamin Building

Come join the Teacher Education Association of Maryland Students (TEAMS) and make a spin art creation and picture frame. **EDUC**

10:30 AM–11:30 AM I Wanna be a Sociologist, Economist, President of the United States

0130 Tydings Hall

An overview of majors and programs in the College of Behavioral and Social Sciences. **BSOS**

10:30 AM–11:30 AM Undergraduate Business Overview

Frank Auditorium, Van Munching Hall

Meet students, staff and faculty from the Smith School's most competitive undergraduate programs including the Smith Fellows Program; the Business Honors Program; the College Park Scholars Program for Business, Society and the Economy; and the QUEST (Quality Enhancement Systems and Teams) Program. **BMGT**

11:00 AM–12:00 PM Stress Management 101

0114 Shoemaker Hall

This session is designed to teach you the basics of stress management and to help you identify your personal reactions to stress. The facilitators will guide you through a relaxation exercise in the hope of providing you with a greater sense of pleasure, peace and well-being. Session will accommodate the first 40 participants. **UMCC**

11:00 AM–2:00 PM A Walk Through Our World of News

First Floor, Journalism Building

Ever wondered what it's like to be a journalist? Consider opportunities with internationally recognized professional organizations affiliated with the college. **JOUR**

11:00 AM–2:00 PM Jeopardy: The Journalistic Way

1116 Journalism Building

Who, what, when, where, how and why? Test your knowledge and skills about journalism and current events. **JOUR**

11:30 AM–12:30 PM Van Munching Hall Tours

Van Munching Hall

Enjoy a building tour of Van Munching Hall and see the Smith School's state-of-the-art research, teaching and program facilities. Each tour is 30 minutes. **BMGT**

11:30 AM–2:30 PM Drama Fest

Front Steps, Francis Scott Key Hall

Watch some of the area's finest middle school and high school performers bring scenes from recent shows to the university. Performances on the half hour. **ARHU, CRBS**

12:00 PM–1:00 PM Linking Your Interests to Potential Career Paths

2102 Shoemaker Hall

Take a career interest inventory, have it interpreted by a staff psychologist and discover possible career paths. Due to the nature of the event, latecomers will not be admitted. Limited to 50 people per session (minimum age 16 years.) **UMCC**

1:00 PM–2:00 PM Are You Ready for College?

0114 Shoemaker Hall

Staff from the University Counseling Center will host an essential skills workshop about what incoming freshmen need to be successful college students. Come explore how ready you are for college? **UMCC**

1:00 PM–3:00 PM I Wrote a Story. Would You Like to Hear It?

1121 Benjamin Building

Gather around Bladensburg High School students as they read special stories written for young listeners. **EDUC**

2:00 PM–3:00 PM Linking Your Interests to Potential Career Paths

2102 Shoemaker Hall

Take a career interest inventory, have it interpreted by a staff psychologist and discover possible career paths. Due to the nature of the event, latecomers will not be admitted. Limited to 50 people per session (minimum age 16 years.) **UMCC**

ALL DAY EVENTS 10:00 AM–4:00 PM

A Model Excavation

Front Lawn, Tydings Hall

For more than 25 years, the Department of Anthropology has been working to increase understanding of the city of Annapolis's past. This interactive exhibit gives young visitors an opportunity to unearth clues about the world we live in. **ANTH, BSOS**

Air Force UH-1N Huey Helicopter

Chapel Fields

Come see one of the 1st Helicopter Squadron's UH-1N Huey helicopters. Talk to the aircrew and find out what these Air Force warriors do. They are located at Andrews Air Force Base and conduct high-priority airlift and emergency medical evacuation missions in the Washington area, as well as supporting the National Search and Rescue Plan. **ROTC, UGST**

Brain Injury and Aphasia

0133 & 0135 LeFrak Hall

Learn about the human brain, especially as it relates to aphasia—loss of the ability to speak or understand speech. **BSOS**

Careers in Architecture, Planning, and Preservation

Architecture Building

Want to become an architect? Visit the School of Architecture, Planning, and Preservation to explore ground-breaking undergraduate programs and discover your future building possibilities. Learn about the variety of career possibilities too. **ARCH**

Celebration Shakers and Crowns

1315 Benjamin Building

What better way to celebrate Maryland Day than to learn why people wear crowns. Meet the Coordinator of the Art Education Program, Susan Hendricks, and work with art students to design, create and embellish a special crown just for you. **EDUC**

Exploring Maryland's Rich African American Past, Present and Future

Front Lawn, Tydings Hall

Find out about the African American Studies Department's degree and certificate programs. Meet representatives from the Society for African American Studies, along with alumni and faculty from the department. **AASD, BSOS**

Get Your Face Painted Just for Fun!

1315 Benjamin Building

What better way to celebrate the university's 150th Anniversary than with a Terrapin, letter "M," or "Go TERPS!," painted on your face! Meet Susan Hendricks, coordinator of the Art Education program, and work with the art education students to select your design and have some fun. **EDUC**

Get to Know the College of Behavioral and Social Sciences

Front Lawn, Tydings Hall

Meet deans, academic advisors and alums. Learn about our majors and programs. **BSOS**

Going to the Chapel & We're...

Main Chapel, Memorial Chapel

Whether you walked down the aisle to "Here Comes the Bride," at your wedding or "Pomp and Circumstance" at your graduation, please join us for a cake and punch reception in the Memorial Chapel. Complimentary chapel photos taken throughout the day. **MC**

Hands-on: Construct Buildings

Great Space, Architecture Building

Try hands-on activities that engage young people. Use K'nex modules and your imagination to design and construct original structures. Children ages 6 years old and older are welcome. **ARCH**

Hillel Open House

Rosenbloom Hillel Center for Jewish Life

Visit the Ben and Esther Rosenbloom Hillel Center for Jewish Life. Hillel sponsors activities throughout the school year including social, cultural, religious and educational programs. Whether it's a briefing from the Israeli Embassy, a sandwich drive for the homeless or a dinner discussion on Jewish ethics, Jewish students utilize Hillel as their center for the community. Hillel is located at 7612 Mowatt Lane (opposite the business school). **RHCJ**

History of the Chapel: A 50 Year Journey

Main Chapel Foyer, Memorial Chapel

More than 50 years ago Memorial Chapel became a significant part of the campus landscape. Considered a sentimental icon for students, staff and faculty alike, many are unaware that the memorial stands in honor of our alumni who are U.S. Veterans. Visit our exhibit to see a timeline of artifacts and images representing the architecture, veterans, religious life, chapel quilt, and original student petition that established this beloved building. **MC**

Kids Create

1107 Benjamin Building

Meet the Student Council for Exceptional Children. Show your creative talents through play. Construct sculptures with dough and create masterpieces with fingerpaints and crayons. **EDSP, EDUC**

Mock Trial: State v. Perry

Front Lawn, Tydings Hall

University of Maryland undergraduates will be conducting a mock trial of Tyler Perry for kidnapping Bailey Reynolds. Mock Trial is a growing undergraduate activity, and Maryland has won more national championships than any other university. **BSOS, MT**

School of Architecture, Planning, and Preservation Open House

Architecture Building

Tour the School of Architecture, Planning, and Preservation. Meet faculty and view exhibits of student work. **ARCH**

The Art of Optical Illusions

1315 Benjamin Building

Meet the Coordinator of the Art Education Program, Dr. Susan Hendricks, and work with art students to explore artful illusions. Create a few eye-popping art projects of your own. **EDUC**

The Many Faces of Faith

Memorial Chapel

Don't miss this lively multi-dimensional exhibit of the diversity of faiths and their expressions on campus. Building houses, interfaith dialogue, tutoring children, reflective prayer are just a few of the things to see. Check out what goes on in student life as they live out their faith. **MC**

Understanding Dynamics and Impacts of Terrorism

Front Lawn, Tydings Hall

The National Consortium for the Study of Terrorism and Responses to Terrorism (START) at the University of Maryland will present findings from its research about terrorist behavior. Meet START researchers who are conducting surveys on people's beliefs about terrorism and the terrorist threat. **BSOS, START**

ag day avenue

Members of the university's Livestock Club held the first Ag Day, complete with a fitting and showing contest, in 1924. From animal displays to landscape advice to free ice cream tastings, Ag Day shows off the university's roots and offers something for everyone enjoy.

Ag Day Avenue is highlighted in green on the map.

9:00 AM–10:30 AM EGG-citing Start for Ag Day Alumni Breakfast

Animal Sciences Building

College of Agriculture and Natural Resources alumni are invited to make their own omelets, honor retired faculty, celebrate scholarship donors and enjoy the 81st Ag Day. Call 301.405.2434 for reservations. **AGNR M**

10:00 AM–11:00 AM Explore Our Majors

2107 Plant Sciences Building

Learn about the unique and diverse academic programs in the College of Agriculture and Natural Resources. Talk to currently enrolled students about classes, careers and student activities. **AGNR** 🌱

10:00 AM–12:00 PM "Elsie"—the Original Biogas Reactor

Animal Sciences Courtyard

"Elsie," a rumen fistulated cow will produce methane gas carbon dioxide from fermentation of feeds in her rumen, her first stomach. See her rumen microbes under the microscope. **AGNR**

10:00 AM–1:00 PM I Didn't Know I Could Major in That

Main Lobby, Animal Sciences Building

Are you looking for a different, exciting and challenging major? Visit College of Agriculture and Natural Resources staff and students regarding the diverse majors available in the sciences and social sciences. **AGNR** 🌱

10:00 AM–2:00 PM Algae Power

Animal Sciences Courtyard

See a living machine powered by the sun and learn about the new field of Ecological Engineering. **AGNR, ENBR, ENGR**

10:00 AM–3:00 PM Environmental Science and Policy: Partners in Stewardship

Concourse, Animal Sciences Building

How on earth will we preserve and enhance the quality of our environment while supporting a growing human population? How can we maintain an ecological balance that allows animals and plants to flourish? The Environmental Science and Policy Program explores these issues. Test your knowledge and take home a prize and a greater appreciation for the planet we share. **AGNR**

10:00 AM–3:00 PM Greenhouse Tour

Greenhouse

Visit the most technologically sophisticated research facility on the East Coast. Tours begin every half-hour and start on the hillside adjacent to the greenhouse. **AGNR**

10:00 AM–3:00 PM What's Your AQ? The Agriculture Challenge

Animal Sciences Building

Meet members of the Maryland-National Capitol Area Chapter of Gamma Sigma Delta. Learn about the organization while you test your knowledge about Maryland's agriculture. **AGNR**

11:00 AM–12:00 PM Sex and the Panda: Using Reproductive Science to Save the Giant Panda

0408 Animal Sciences Building

Hear a lecture on the use of reproductive science to save the giant panda from extinction from Jo Gayle Howard, reproductive biologist with the National Zoo and adjunct professor in the Department of Animal and Avian Sciences. **AGNR**

12:00 PM–3:00 PM Institute of Applied Agriculture's 40th Anniversary Celebration

Parking Lot Q

The IAA welcomes alumni, students and current and former faculty to a barbecue in celebration of its 40th Anniversary. Call 301.405.4685 for reservations. **AGNR M**

ALL DAY EVENTS 10:00 AM–4:00 PM

4-H Discovery Zone

Animal Sciences Courtyard

Youth ages 8 to 18 are invited to experience the variety of innovative 4-H projects through interactive hands-on activities. **AGEX, AGNR**

4-H Public Speaking Contest

Jimenez Hall

Maryland 4-H members demonstrate their public speaking skills including prepared speeches, radio spots and more. **AGEX, AGNR**

A Taste of Maryland Ice Cream

Animal Sciences Courtyard

Enjoy free samples of ice cream made by the University of Maryland. **AGNR**

Activities with the Food Science Club

Animal Sciences Building

Learn about food production, food safety and other current issues in the food industry while enjoying ice cream made by food science majors. Tour the food science facilities to see where and how the students develop the food products. **AGNR**

Animal Sciences Graduate Student Association/Poultry Science

Animal Sciences Courtyard

Stop by to find out what's what with this new organization. **AGNR**

Are You a Gardener or a Home Owner?

Animal Sciences Building

Visit with staff and peruse free and low-cost Maryland Cooperative Extension publications. **AGNR**

Ask A Maryland Master Gardener

Animal Sciences Courtyard

The Maryland Master Gardener Program was started in 1978. Today, this popular program can be found in 17 Maryland counties, Baltimore City and two Maryland prisons. Our mission is to educate Maryland residents about safe, effective and sustainable horticultural practices that build healthy gardens, landscapes and communities. Volunteers from several counties will be available to answer questions and discuss ongoing community projects. **AGNR**

BUS ROAD-E-O

Lots 9B, 9C, 11C

Cheer on our bus drivers as they compete to see who can best maneuver a bus obstacle course. Ever seen a bus-pulling contest or a game of bus-ketball? Meet the people who keep the campus moving. **DOT**

Baked Goodies and Raffle

Animal Sciences Courtyard

Sigma Alpha charms you with baked goods and a raffle while feeding you information about Sigma Alpha. **AGNR**

Biological Resources Engineering Orientation

0422 Animal Sciences Building

Information about biological resources engineering and directions to our Maryland Day activities. **AGNR, ENBR, ENGR**

Calvert County Master Gardeners

Animal Sciences Courtyard

Gardening fun for everyone! **AGEX, AGNR**

Center for Agrosecurity and Emergency Management

Animal Sciences Building

Check out our agrosecurity and emergency management display for families. **AGNR**

Collegiate 4-H

Animal Sciences Courtyard

Learn how to bring your 4-H skills to college. **AGNR**

Come Grow With Us!

Animal Sciences Courtyard

Visit with staff from Homestead Gardens, one of the largest independently owned garden centers on the East Coast. Learn about exciting career opportunities available. **AGNR**

Equestrian Club Horse Show

Animal Sciences Barns

Ever see a Terrapin ride? Come watch our horse show as students, faculty and staff display riding skills, disciplines and demonstrations. Also come get your picture taken with a "Terrapinized" horse. **AGNR**

Exploring the Many Facets of Urban Agriculture

Animal Sciences Building

Come experience hands-on activities in the areas of gardening, entrepreneurship, nutrition and healthy lifestyles. **AGNR**

Faculty/Staff Swine Show

Animal Sciences Barns

Watch as faculty and staff from the College of Agriculture and Natural Resources test their "pig charming" skills in this fun show. **AGNR**

Fidos for Freedom

Animal Sciences Courtyard

Meet a group of remarkable dogs that provide assistance and companionship to people with disabilities. **AGNR**

Find New Furry & Friendly Family Members!

Animal Sciences Courtyard

SPCA/HS volunteers of Prince George's County will happily answer your questions about pet adoptions, pet care, spaying and neutering, and animal legislation. Stop by to say hello, learn how you can volunteer or just admire pictures of wonderful adoptable pets. **AGNR**

Frontiers in Science—Past, Present and Future

Animal Sciences Building

Beltsville Agricultural Research Center (BARC) is the largest and most diversified agricultural research center in the world. A sampling of the technologies—past, present and future—developed in partnership with the University of Maryland will be among some of the featured exhibits. **AGNR**

Got AREC?

Animal Sciences Building

How much do you know about agricultural and resource economics (AREC)? How does AREC impact our community? Participate in an experimental economic activity and find out for yourself. **AGNR**

Grilling with AGR

Animal Sciences Courtyard

Enjoy flame-broiled culinary delights while meeting and learning about Alpha Gamma Rho. **AGNR**

Growing with Grains

Animal Sciences Courtyard

Learn about grains and how we use them in everyday life. Make a grain-art jar using five different grains and take it home with you. **AGNR**

Hands on Minds: 4-H Volunteer Leader's Association

Animal Sciences Courtyard

Explore hands-on adventures with 4-H. Expand your mind; learn about urban and rural youth activities in the arts, sciences, areas of health, agriculture and more. **AGEX, AGNR**

Healthy Homes, Healthy Families

Animal Sciences Building

An interactive display and contest with information about safety in the home. **AGNR**

Home and Garden Information Center: Helping Marylanders Grow Healthy Gardens and Landscapes

Animal Sciences Courtyard

Meet and talk with experts from the Home and Garden Information Center. Learn how to grow your own salad bowl, select the right fertilizer for your lawn, identify and control invasive plants, and manage insect and disease problems without chemical pesticides. Kids get to handle our Giant African Millipedes and search for red worms in our compost bin. **AGNR**

Iron Chef—AGNR Style

Animal Sciences Courtyard

Who can prepare the winning dish...students or faculty? **AGNR**

Kiss a Pig

Animal Sciences Courtyard

See your favorite faculty and staff from the College of Agriculture and Natural Resources pucker up to a pig. **AGNR**

Landscape Architecture: Designing with Computers and Crayons

Animal Sciences Courtyard

Want to learn what landscape architects do? Participate in designing landscapes, protecting wetlands and streams, and locating a school using traditional drawing tools and state-of-the-art computer programs. **AGNR, LARC**

Livestock Show

Animal Sciences Barns

Come watch students show dairy, beef, sheep, and swine at the livestock show and meet the animals that live on the Campus Farm. Events include but are not limited to: Fistulated cow demonstration, display of sheep breeds and the faculty and staff swine show. **AGNR**

MILK—Maryland's Official Beverage

Animal Sciences Building

Learn about nature's nearly perfect food. **AGNR**

Neighborhood Grime Watch

Animal Sciences Courtyard

Through the use of black lights and magic lotion, an interactive hand-washing activity teaches the importance of cleanliness to good health. **AGNR**

Nutrition and Food Science in History

Animal Sciences Courtyard

Interested in food? Ever wondered how food is produced and which foods are most nutritious? The Department of Nutrition and Food Science will answer these questions and others that have perplexed us for centuries. Learn about major scientific advances that have helped us achieve a safe, nutritious and affordable food supply. Walk away with fun facts about historic advances in nutrition and food science. **AGNR, NFSC**

Operation Military Kids

Animal Sciences Building

Join 4-H, National Guard and the Army Reserves as we support kids of deployed soldiers. Visit the mobile tech lab, email a message to a soldier or record a personal greeting. **AGNR**

ag day avenue

Plants for Your Spring Garden

Animal Sciences Courtyard

Choose from a variety of plants for your spring garden. **AGNR**

Puppies? Kittens? Giraffes? Oh My!

Animal Sciences Courtyard

See your favorite balloon animals created by the members of the Vet Science Club while enjoying lemonade and snacks. **AGNR** 🐾

Putting for Prizes

Animal Sciences Courtyard

The Golf Course Management Program from the Institute of Applied Agriculture welcomes you and your children to sink a putt and win a prize. Parents will have the opportunity to learn about the Institute's full range of two-year programs. **AGNR**

Research for Our Future

Animal Sciences Building

Learn how the Maryland Center for Agro-Ecology is helping landowners keep their farms and forests profitable and environmentally friendly through research and education on alternative crops, buffer systems, agricultural regulations and policies, and more. **AGNR**

Respiratory Health

Animal Sciences Building

Measure your respiratory resistance with the Airflow Perturbation Device. Talk about the latest advances in bioengineering. **AGNR, ENBR, ENGR**

Share Your Maryland Pride

Animal Sciences Building

Reconnect with friends, update career information, join the College of Agriculture and Natural Resources Alumni Chapter and enjoy Ag Day. **AGNR M**

So You Want to be a Veterinarian?

Animal Sciences Building

Learn about opportunities in veterinary medicine from the Virginia-Maryland Regional College of Veterinary Medicine. **AGNR**

Sweet Treats

Animal Sciences Courtyard

Biological Resources Engineering graduate students invite you to sample sweet treats. **AGNR**

Tattoo Mania

Animal Sciences Courtyard

Choose an exciting animal, insect or sparkly tattoo to wear on your hand. **AGNR** 🧑🏻‍🎨

Vet Science Club Showcases the Latest in Pet Supplies

Animal Sciences Courtyard

Vet Science Club invites you to see the wide variety of pet supplies and toys. **AGNR**

Virginia-Maryland Regional College of Veterinary Medicine

Animal Sciences Building

Information about the Vet School presented by faculty and staff—academic requirements, career paths, current research projects and more. **AGNR**

Walk Through the Web of Life

Animal Sciences Building

Visit with staff from the College of Agriculture and Natural Resources and discover resources that increase your quality of life. **AGNR**

Wetland Ecology and Engineering

Animal Sciences Courtyard

Learn how wetland ecosystems can help to clean up the environment. Measure photosynthesis, leaf area index and a plant's reflectance of sunlight. Understand the importance of biodiversity in wetland ecosystems. **AGNR, ENBR, ENGR**

Wildlife on Display

Animal Sciences Courtyard

Get up-close and personal with local and exotic reptiles. Families enjoy hands-on learning about responsible pet ownership, the dangers of approaching wild animals and the value of misunderstood creatures. For more information, www.wildlife-adventures.com **AGNR**

Window to the Underground

Animal Sciences Courtyard

See the soil that supports us all. **AGNR**

arts alley

This area of campus includes our breath-taking Clarice Smith Performing Arts Center and the Tawes Fine Arts Building. If you are interested in the visual and performing arts, make Arts Alley your first stop. From concerts to dance demonstrations, to poetry slams and art exhibits, there's something happening every minute.

Arts Alley is highlighted in purple on the map.
