Discussion Section 0102: Wednesday 2:00-2:50, ATL 1114

TA Contact Info:

Ramsey Karim (he/him/his)

rlkarim [at] terpmail [dot] umd [dot] edu

Office Hours: TuTh 9:45-10:45 AM, 1248 PSC

Discussion Section Expectations:

- Show up on time!
- Attendance is required. Discussion section is worth 10% of your final grade.
- Come to section prepared and ready to work with your groups.
- Ask questions! Discussion section is for YOU. If you are confused by a topic from lecture, don't hesitate to ask.

Grading:

Discussion section makes up 10% of your final grade. Half of this grade will come from attendance, and the other half is for completion of that day's activity. The discussion activity is not graded for accuracy, only for completion. So long as you put a genuine effort into completing the activities in discussion section, you should have no problem. The lowest two discussion section grades will be dropped, and will not affect your final score in the class.

Absences:

For specific guidelines, please refer to the course syllabus. If you know that you will be absent from discussion section, please contact me one week ahead of time.

Office Hours:

Feel free to come to office hours to discuss anything related to the course! If you cannot attend my posted office hours, email me to set an appointment.

Academic Integrity:

Don't cheat! Cite your sources! Group work is encouraged in this class, but the work you submit should be your own. (Don't just copy from your neighbor, we *will* find out!!)
